The emphasis is on providing a wide choice of courses at different levels. The Schools of Studies currently in operation are as follows:

- School of Health Sciences(SOHS)
- School of Agriculture (SOA)
- School of Computer & Information Sciences (SOCIS)

- Chair for sustainable Development (CSD)

1.5 Academic Programmes

The University offers both short-term and long-term programmes leading to Certificates, Diplomas, Undergraduate Degrees, Postgraduate Degrees and Doctoral Degrees, which are conventional as well as innovative. Most of these programmes have been developed after an initial survey of the demand for such programmes. These are launched with a view to fulfil the learner's needs for:

- Certification,
- Improvement of skills,
- Acquisition of professional qualifications,
- Continuing education and professional development at work place,
- Self-enrichment, and
- Diversification and updation of knowledge and
- Empowerment

1.6 Course Preparation

Learning material is specially prepared by teams of experts drawn from different Universities and specialized Institutions in the area as well as by in-house faculty. This material is scrutinized by the content experts, supervised by the instructors/unit designers and edited by the language experts at IGNOU before they are finally sent for printing. Similarly, audio and video programmes are produced in consultation with the course writers, in-house faculty and producers. The material is previewed and reviewed by the faculty as well as outside media experts and edited/modified, wherever necessary, before they are finally despatched to the Programme Study Centres and Telecast through Gyan Darshan.

1.7 Credit System

The University follows the 'Credit System' for most of its programmes. Each credit in our system is equivalent to 30 hours of student study comprising all learning activities (i.e. reading and comprehending the print material, listening to audio, watching video, attending counselling sessions, teleconference and writing assignment responses). Thus, a four credit course involves 120 hours of study. This helps the learner to know the academic effort one has to put in, to successfully complete a course. Completion of an academic programme requires successful completion of both the assignments or internal assessment and the term-end examination of each course in a programme.

1.8 Support Services

In order to provide individualized support to its learners, the University has established a network of about 1,500 Programme Study Centres and Work Centres throughout the country. These are coordinated by 33 Regional Centres, 25 Recognised Regional Centres and 7 Sub-Regional Centres as on date. At the Programme Study Centres, you will get an opportunity to interact with the Academic Counsellors and other learners, refer to books in the library, watch/listen to video/audio cassettes, interact with the Coordinator on administrative and academic matters and finally at headquarters through tele/video conferencing. The list of Regional Centres is given in Appendix III. Support services are also provided through Work Centres, Programme Study Centres, Skill Development Centres and Special Study Centres.

1.9 Programme Delivery

The methodology of instruction in this University is different from that of the conventional Universities. The open university system is more learner oriented and the learner is an active participant in the pedagogical (teaching and learning) process. Most of the instructions are imparted through distance education methodology and face-to-face mode as per the requirement.

The University follows a multimedia approach for instruction, which comprises:

- Self Instructional Written Material:** The printed study material (written in self instructional style) for both theory and practical components of the programmes is supplied to the learners for every course (on an average 1 block per credit). A block which comes in the form of a booklet usually comprises 3 to 5 units.

- b) **Audio-Visual Material Aids:** The learning package contains audio and video cassettes which have been produced by the University for better clarification and enhancement of understanding of the course material given to the learner. A video programme is normally of 25-30 minutes duration. The video cassettes are screened at the study centres during specific sessions which are duly notified for the benefit of the learners.

The video programmes are telecast on National Network of Doordarshan and Gyan Darshan. All Gyan Vani stations are broadcasting curriculum based audio programmes. Some of the selected stations of All India Radio are also broadcasting the audio programmes. Learners can confirm the dates for the programmes from their study centres. The information is also provided through the National Newspapers, IGNOU Newsletters sent to the learners periodically and university website.

- c) **Counselling Sessions:** Normally counselling sessions are held as per schedule drawn by the Study Centres. These are mostly held outside the regular working hours of the host institutions where the study centres are located.
- d) **Teleconferences:** Live sessions are conducted via satellite through interactive Gyan Darshan Channel as well as simulcasted on Edusat channel from the University studios at Electronic Media Processing Centre (EMPC), the schedule of which is made available at the study centres. The learner will have to go to the nearest centre at the scheduled time for taking benefit of this facility.
- e) **Practicals/Project Work:** Some Programmes have practical/project components also. Practical are held at designated institutions for which schedule is provided by the Study Centres. Attendance at practicals is compulsory. For project work, study centres will provide the necessary guidance but the learner will have to manage his/her own resources.
- f) **Gyan Darshan Educational Channel:** A collaboration between MHRD, Prasar Bharti, IGNOU and other organizations has resulted in launching DD Gyan Darshan, the Educational Channel of India. In a significant gesture, EMPC has been identified as the coordinating and transmitting agency. Regular transmission of educational programmes from the EMPC studios started on January 10, 2000. The Channel is providing educational programme on a variety of subjects for 24 hours a day to enhance the learning process. Steps are being taken to relay the Gyan Darshan Channel through different Cable Operators in the Country for wider outreach. GD signals can be conveniently received without any special equipment anywhere. Gyan Darshan has now gone completely digital and expanded into a bouquet of channels, namely, GD-1, GD-2 and GD-3 'Eklavya'. Educational programmes are contributed by major educational institutions such as IGNOU, UGC/CEC, NCERT/CIET, Directorate of Adult Education, IITs and other educational/developmental organizations in the country. Gyan Darshan transmissions uplinked from the earth station of EMPC-IGNOU, New Delhi can be accessed all over the country throughout the year and round the clock without any break through DTH service.

Please ask your cable operator to provide this channel. The telecast schedule of Gyan Darshan is published in IGNOU Newsletter and also available on IGNOU website:<http://www.ignou.ac.in>

- g) **Gyan Vani:** IGNOU has been offered FM Channel Radios in 40 cities and towns for education and development. EMPC is the nodal agency for implementing the project. EMPC is also studying an experimental proposal for global Gyan Vani. As many as 17 FM Radio Stations at Allahabad, Bangalore, Coimbatore, Vishakhapatnam, Mumbai, Lucknow, Bhopal, Kolkata, Chennai and Delhi are already on air. The broadcasts in English, Hindi and the regional languages/dialects are conducted by local resource persons. The detailed schedule can be accessed at IGNOU EMPC-Gyan Darshan Website <http://www.ignou.ac.in/gyandarshan%scindex.html>
- h) **Interactive Radio-counselling:** Interactive Radio-counselling is a recent concept in distance learning in India. Live counselling is provided on radio by invited experts. Students can ask questions right from their homes on telephone. These sessions are conducted for an hour on Sundays from 189 radio stations in the country. A toll free telephone number 1600 112345 has been provided for this purpose from selected cities.

4.7 Selection Procedure

The selection will be done on the basis of a combined entrance test for the two programmes. The candidates are advised to mention the name of the programme they wish to opt for in the form. In case they fail to do so this, their application will not be considered.

In case a candidate wishes to apply for both the programmes, he/she will be required to fill two separate application forms, one form for each of the two programmes. He will, however, receive only one hall ticket. In case he/she qualifies for both the programmes, his/her name will appear in the merit list of both the programmes. He/she can however take admission in only one of the programmes. In case he/she deposits his fee in both the programmes, admission to both the programmes will be cancelled.

A combined entrance test will be conducted at specific centres, to be decided by IGNOU on the basis of applications received. However, in case the number of applicants is less the University may decide to hold an interview on regional basis of short listed candidates instead of the entrance test.

The candidates will be required to give a list of 3 programme study centre (as per the list in the appendix IV/V) in order of their preference for the programme for which they are applying (PGCE/PGCOI). The students can take admission in only one of the three centres mentioned by them in the application form, after applying the merit and reservation policy of IGNOU. In case the seats in the three centres applied by the student are filled by those above him in the merit/reserved seats, he will have to forego the admission to the programme. The student cannot change his choice of the programme study centres, after submission of his application form. Regional centrewise merit list will be prepared. The student will be called for admission by the respective Regional centre on the basis of his position in the merit list as per the admission guidelines of IGNOU including the reservation policy. Admission once taken in a programme study centre in either of the two programmes i.e. PGCE/PGCOI cannot be cancelled and/or transferred to another PSC.

The candidates who are offered admission are required to deposit the programme fee and show their original certificates to the Regional Director to confirm their admission. Details regarding the above can also be obtained time to time from the IGNOU website ignou.ac.in in schools, school of health sciences, 'whats new'. or phone 29572856, 29572804 or 29572813.

A sample of the questions in the entrance exam is provided in appendix VII. There will be 90 questions in the combined entrance examination. The questions will be drawn from 9 dental specialities and 8 medical subjects which are taught in BDS UG programme. 6. POST GRADUATE DIPLOMA IN CLINICAL CARDIOLOGY (PGDCC) PROGRAMME

6.1 Salient Feature of the Entrance Test of PGDCC Programme

The entrance examination will be held in the month of February 2012 for the July 2012 admission session.

The entrance examination will be conducted on the same date across the country with same examination paper.

There will be a total of 120 questions in the 2 hours entrance examination

Among the 120 questions, 80 questions will be from internal medicine (including paediatrics) and 40 questions will be from basic cardiology (including paediatrics cardiology) subject.

There will be no negative marking for the wrong answer in this entrance test.

Each multiple choice will have 4 options having only one correct option.

The merit list will be made according to the Regional centre. Students will be offered seats as per the merit list of the particular regional centre.

All the students who have completed their MBBS from abroad nation will be given 50 percent marks, as total MBBS percentage. If the merit remain same after consideration of the marks of entrance examination and percentage of MBBS then the senior candidates (as per date of registration of MBBS) will be given preference.

The IGNOU Reservation policy will be applied for the admission to PGDCC programme also.

6.2 Introduction of PGDCC Programme

Worldwide cardiovascular disease is the major cause of mortality in the present era. It was estimated by World Health Organization that 17.3 million people died from cardiovascular diseases in 2008. Unfortunately, over 80 percent of cardiovascular diseases deaths take place in low and middle income countries. It is further estimated that the number of death due to cardiovascular diseases will increased up to 23.6 million in 2030.

Indians are genetically three times more vulnerable for heart attack than Europeans. While the average age of heart attack victims in Europe is more than 60 years, the average age of Indians is between 40 to 50 making it a disease of breadwinner of the family causing major socio-economic upheavals. There are more than 52 lakhs deaths due to cardiovascular diseases in India in 2008. Indians are genetically more vulnerable for diabetes at younger age, which again leads to premature atherosclerotic disease leading to heart attack. While in USA every fourth man develops heart attack before retirement, in India it is every third man developing heart attack.

Beside this, one out of one thousand children in our country suffer from rheumatic valvular heart disease which if not treated early leads to major complications leading to premature death. One out of hundred and forty children born anywhere in the world has heart disease; India produces the largest number of children in the heart. So, for obvious reasons we produce the largest number of children with heart disease in the world.

A country with more than billion populations requires at least few thousands of cardiologists to be produced every year to address the growing needs of the heart patients. At present country is

producing less than 150 DM/DNB Cardiologists. Unfortunately most of the trained cardiologists are only available in the metro/capital city of India. More than 76 per cent of them are living in rural area, where no trained people in cardiology are available.

With above background, School of Health Science, IGNOU has launched a two year full time programme named Post Graduate Diploma in Clinical Cardiology (PGDCC) on non-invasive cardiology for the MBBS doctors. These doctors will be trained in the ECG, TMT, echocardiography, ICU management, paediatric cardiology and preventive cardiology and management of other cardiovascular diseases. We have launched this PGDCC programme in 2006 with 16 training centre, where we enrolled 116 students. At present there are 66 cardiac hospital/Institutions are training centre of the PGDCC programme and we are looking forward more than 350 students enrolled in the July 2011 academic session. More than 300 cardiologists are training the PGDCC students across the country.

After completion of this Programme, you should be able to:

imbibe comprehensive knowledge of ongoing Common Cardiovascular Diseases and be able to manage Health Care Services at different institutional levels;

provide cardiac emergency at various places i.e. smaller town, district town;

provide services related to the Electrocardiography, Stress Test, Holter Monitoring, Echocardiography, Cardiac Radiology and related non-invasive services, including diabetes mellitus;

provide non-invasive paediatric cardiology including paediatric cardiac emergencies;

acquire knowledge of the risk factors of the cardiovascular diseases; and

provide preventive cardiology and cardiac rehabilitation services to the community.

Eligibility: MBBS Doctors (MCI Recognized)

Duration of the Programme: Minimum 2 years and maximum 4 years

Fee of the Programme: Rs. 39,600/- per year.

Maximum Number of Seats in each Programme Study Centre: 10 seats

6.3 Programme Structure of PGDCC Programme

The PGDCC programme consists of thirteen courses. These represent non-invasive cardiology and diabetes mellitus.

The courses are designed on the basis of learning hours required by an average student. As mentioned above, one credit represents 30 hours of learning. The design of the PGDCC programme in terms of credit distribution of the courses is shown in Table 1.

Table 1: Programme Structure of PGDCC Programme

Course Code	Name of the Course	Credits of Theory Courses	Credits of Practical Courses

Once candidate is selected for any centre he/she has to take admission in that centre only. Selected candidates are required to deposit fee to the respective IGNOU Regional Centre and report to the PSC by a stipulated date, failing which candidates from the waiting list will be offered admission. Once a PSC is allotted to a selected or wait listed candidate, the PSC will not be changed. However, the respective Regional Director will examine this issue if any seats remain vacant in a particular PSC.

You will be informed about your allotted Programme Study Centre in your admission letter. You will be issued Identity Card and Enrollment Number by your Regional Centre. For all future correspondence, please mention your Enrollment Number.

There is a **vacant seat** in the PSC to which transfer is opted (after fulfillment of the waiting list candidate).

If any student wants transfer after joining any PSC then the following condition needs to be followed:

- o Student should get the no objection certificate where he/she wants transfer. There must be vacant seat in the particular PSC.
- o Student also needs to get no objection certificate where he is currently doing his/her training or allotted PSC. The respective PIC is requested to mention the duration of training he/she has completed and name of the courses both theory and practical in which the student completed/passed in the continuous evaluation/internal evaluation/assignment in the no objection certificate.
- o Student needs to apply to the concern Regional Director's office with two no objection certificate. The concern Regional Director's office will transfer the admission record to another Regional Director's office. During this process student may loss some valuable time which may be reflect end of the 24 months of training when other students will appear the term end practical examination.

If, any student does not deposit the fee with in stipulated time then candidate from waiting list will be given preference for that seat. In other situation, if the candidate even after the paying the fee in time, does not join in the allotted hospital by the stipulated date, the RDs may give them a grace period of 1 to 2 weeks to immediately join the respective PSC, failing which his/her admission will be cancelled and the programme fee will be forfeited. The Regional Director will offer vacant seats such arising, to the candidates in the waiting list. The candidate in the waiting list will be required to deposit the programme fee immediately and also join by a stipulated date.

After joining in the respective PSC if the candidate left the programme with in **three months** of his/her admission date then candidate from waiting list may be asked to join in this vacant seat. But if the candidate left the PSC after three months of his joining period (date of deposition of admission fee) then the seat will remain vacant for the entire academic session. In such case, no more candidates will be allowed to join in this vacant seat.

Admission Fee to the PGDCC programme will be not refunded at any point of time once it is deposited.

6.5 Responsibility of Students

8. METHODS OF EVALUATION OF THEORY COURSES OF PGDCC PROGRAMME

Assignment/Internal Theory Evaluation

Assignment/Internal evaluation will carry 50 per cent of weightage of the total marks. You have to pass each course separately. The minimum passing marks of each course will be 50 per cent of the total marks. Written examination will be conducted in each PSC for each course of the Programme. If any student fails in any test of the continuous evaluation then he/she will repeat the same test again. The continuous evaluation will be done in the following types of questions or combination of all types:

Descriptive type of questions

Short notes

Multiple choice questions

Combination of above types of questions

Term-end Theory Examination

The examination of the first year theory courses will be after the end of the training of first year. If the student passed in the first year theory courses (MCC-001, MCC-002, MCC-003 and MCC-004) then he will appear only in second year theory courses (MCC-005, MCC-006 and MCC-007) at the end of the second year. If he does not pass at the end of the first year then he may again give the examination after the six-month of the initial term-end examination.

Examination fee @Rs.60/- per theory course is required to be paid either through online payment gateway, cash deposit on designated banks and also through demand drafts.

Your result will not be declared if examination division receive any kind of complain like, shortage of attendance against you.

9. METHODS OF EVALUATION OF PRACTICAL COURSES OF PGDCC PROGRAMME

Assignment/Internal Practical Evaluation

Like the theory courses, the practical courses will have 50 per cent weightage from internal assessment. The assignment/internal assessment of the practical component will be done by the counsellors located at the PSC. The practical assignment/internal evaluation will be done with the help of spotting, long case, short case, assessment of log book and viva voce. The counsellors will make an objective and subjective assessment of your understanding and performance on every skill. The marks on internal assessment will be given by the PSC counsellors in a proforma provided for the respective courses.

In PSC, most of the **skills dealt in training will be evaluated by the end of the respective posting**. Please note that you have also to submit the **respective log-books during the term-end practical examination for verification by examiners**. You will be returned back your log-books after the examination. For example MCCL-001, the internal evaluation will be carried out at the PSC after end of the three months training in the respective course.

Passing in internal assessment of all the practical courses is a prerequisite for appearing in the Term-end Practical examination. A student will have to secure at least 50 per cent marks to be declared as pass in the internal assessment component. If a student fails to secure pass marks, he/she will have to **repeat** the practical activities (at PSC) of related courses and he/she will have to repeat the same test again.

Term-end Practical Examination

Following are the three prerequisite requirements to appear in the Term End practical examination.

1. Passed in all the theory and practical internal evaluation or assignment separately.
2. Completion of training in all the respective 6 courses with prescribed duration. It means students need to complete 24 months of training in the PGDCC Programme.
3. Attendance certificate showing more than 85 percent attendance in theory as well as practical training.

Students are requested to attach these certificates along with the form of Term end Practical examination. You have to deposit the form with the respective programme in-charge.

For term-end practical examination, the number of examiner will be conducted with the help of internal and external practical examiners. Numbers of the internal and external practical examiners will depends on the number of students appear in the term end practical examination.

There is no examination fee for the Term End Practical Examination.

Marking scheme of the practical examination is given below:

Sub.: RECOGNITION OF DEGREES AWARDED BY OPEN UNIVERSITIES

Sir/Madam,

There are a number of Open Universities in the country offering various degrees/diplomas through the mode of non-formal education. The Open Universities have been established in the country by an Act of Parliament or State Legislature in accordance with the provisions contained in Section 2(f) of University Grants Commission Act, 1956. These universities are, therefore, empowered to award degrees in terms of Section 22(1) of the UGC Act, 1956.

A circular was earlier issued vide UGC letter N.F.1-8/92(CPP) dated February, 1992 mentioning that the Certificates, Diplomas and Degrees awarded by Indira Gandhi National Open University are to be treated equivalent to the corresponding awards of the Universities in the country.

Attention is further invited to UGC circular No.F.1-25/93(CPP) dated 28th July, 1993 (copy enclosed) for recognition of degrees and diplomas as well as transfer of credit for courses successfully completed by students between the two types of Universities so that the mobility of students from Open University stream to traditional Universities is ensured without any difficulty.

The UGC has specified the nomenclature of degrees under Section 22(3) of the UGC Act, 1956 to ensure mandatory requirements viz. minimum essential academic inputs required for awarding such degrees. A copy of Gazette Notification regarding specification of degrees issued vide No.1-52/97(CPP-II) dated 31st January, 2004 is enclosed. The details are also given in UGC Website: www.ugc.ac.in

May I, therefore request you to treat the Degrees/Diplomas/Certificates awarded by the Open Universities in conformity with the UGC notification on Specification of Degrees as equivalent to the corresponding awards of the traditional Universities in the country.

Yours faithfully,

Sd/-

Dear Vice Chancellor,

As you are aware, the Open Universities have been established in the country by an Act of Parliament or State Legislature in accordance with the provisions contained in Section 2(f) of University Grants Commission Act, 1956. These universities are, therefore, empowered to award degrees in terms of Section 22(1) of the UGC Act, 1956.

It has been brought to the notice of the Commission that the students who have done their M.A. from open universities are debarred by universities from registration for Ph.D. studies. This is most unfair in view of the importance attached to the Open University and distance learning in National Policy on Education, 1986. The Programme of Action-02 also aims at promoting the mobility of student among open universities and among traditional universities. This can be made possible only when there is a workable understanding between open universities and traditional universities for recognition of each other's degrees on reciprocal basis. A Memorandum of Understanding has already been signed between University of Pondicherry and Indira Gandhi National Open University which provides for recognition of each other's degrees and diplomas as well as transfer of credits for courses successfully completed by students between the two universities. The other universities may also make similar arrangement so that the mobility of students from Open University stream to traditional universities is ensured without any difficulty.

I hope that your university will make necessary efforts in this direction and let the Commission know the progress.

With regards,

Yours sincerely,

Sd/-

Subject: Recognition of Degrees/Diplomas of Open Universities

Dear Sir,

The Standing Committee at its 237th meeting held at Utkal University and the 68th Annual Session of the AIU and in December, 1993 at the University of Delhi have decided in principle that the Degrees of the Open Universities be recognized in terms of the following resolutions:

“Resolved that the examinations of one University should be recognized by another on reciprocal basis, provided that the entrance qualification, duration of course and the general standard of attainment are similar to those prescribed by the recognized university.”

“Further resolved that in case of Degrees awarded by Open Universities, the conditions regarding entrance qualifications and duration of the course be relaxed provided that the general standard of attainment are similar to those prescribed by the recognized university.”

The decision is brought to the notice of the Universities for favour of appropriate action in the matter. The additional information, if required in this behalf, may kindly be obtained from the Registrar of the Universities direct.

Thanking you,

Yours faithfully,
