RC 18.45.1 The University with approval of the Research Council established Recognized Research Centres (RRCs) for different disciplines in the higher learning institutions, colleges and other institutions which are promoting higher learning and research. More than 15 such RRCs were established for promoting research through these centres. In some of the cases research disciplines like Tamil, Sanskrit, Malayalam and Gujarati (in IGNOU), Kannada (SKVT), Urban Studies, Studies related to Water, Strategic Studies and Archeomethodology and Environmental Sciences (NIAS), Electronics and Bio-technology (MCC), Astrophysics (IIA), Corporate Management & Allied areas (CCETC, IGNOU), Darshanas, Sanskrit, Computation Linguistics, Multimedia Information System and Digital Preservation of Sanskrit Heritage and Traditional Knowledge, Vyakarana, Epics and Aesthetics and Comparative Aesthetics, Ayurveda (CIF) were activated at RRCs but they do not exist at the Schools in the University.

Research disciplines like Sri Aurobindo Studies (Ph.D) of SACAR, various research disciplines from Chinmaya International Foundation (CIF), Astrophysics of the Indian Institute of Astrophysics (RRCs), have been kept under the School of Inter-disciplinary and Trans-disciplinary Studies taking into consideration nature of these disciplines.

As per the Regulations, each research discipline needs to have a separate Doctoral Committee. However, some of the Disciplines mentioned above in Para-I do not exist in the Schools/Centres of the University. Hence, the School/Centre cannot award Ph.D degrees for those who registered at the RRCs (in the non-existing disciplines of the Schools/Centres of the University) unless University takes appropriate policy decision placing such disciplines under Schools/Centres.

RC 18.45.2 The matter was deliberated at length taking into consideration of the issued raised above. After detailed deliberations the following emerged:

- Autonomy and flexibility of the University should be fully explored in research in existing disciplines as well as in the connecting disciplines with broad based boundaries.
