RC.9.2.2

After detailed discussions, the Research Council approved the Minutes (**Annexure-2**) of the Second Meeting of the Research Council's Standing Committee held on 18th May 2007.

ITEM NO.3 TO CONSIDER AND APPROVE THE PROPOSAL FOR LAUNCHING OF “PH.D. PROGRAMME IN AGRICULTURE EXTENSION”.

RC.9.3.1 The Member Secretary informed the Council that the School of Agriculture had submitted the proposal for launching the Ph.D. programme in Agriculture Extension. The main features of the programme are to conduct research studies keeping in mind the increasing needs of people for access to knowledge and technologies. The Open and Distance Learning (ODL) is a new entry in the country’s extension system and how ODL can play an important role in extension activity needs to be examined. The aim of the proposed programme is to train the people involved in agriculture extension activities through conducting research studies keeping in mind the needs of increasing reach and opportunities.

The Ph.D. programme shall be of three year duration and offered with course work of 32 credits (total 96 credits), which shall comprise of four courses, and an 8-credit Bridge Course on Fundamentals of Agriculture Extension for candidates without a background in Agriculture Extension. It was also pointed out that the proposal envisages a programme fee of Rs.18000 out of which Rs.12000 would be paid to the supervisor as honorarium.

The School Board of School of Agriculture had approved the proposal at its 6th Meeting held on 4.7.2007.

RC.9.3.2 The proposal was discussed in detail. One of the members wanted to know how the programme would be different from the one being offered by other institutions. It was clarified that one major difference was that the programme would be offered through distance mode providing working people an opportunity of pursuing the programme.

RC.9.3.3 During the discussion the following issues were raised:

- (i) desirability of having a teacher/academic of the University as an internal supervisor for a student working under an external supervisor,
- (ii) the number of M.Phil. & Ph.D. students to be guided by a supervisor,
- (iii) credit weightage for M.Phil. dissertation and duration of the programme,
- (iv) provision of a doctoral committee for every student.

The issues were discussed at great length in the light of the provisions of the Ordinance on Research Degree Programme, the Act and the Statutes of the University. The members finally concluded that there was no need to insist upon having an internal supervisor, if the candidate did not request for it, which was in line with the provisions of Clause 4.1 of the Ordinance in vogue.

The Research Council noted that Clause 4.4 of the Ordinance stipulates that “at any time, a supervisor shall not guide more than $\frac{4}{5}$ students out of whom $\frac{2}{3}$ students may be M.Phil. and not more than 2 Ph.D. students”. It was felt that the number was inadequate and a committee appointed by the Chairman had recommended that the number may be increased to ten. In view of a small core faculty in each discipline, quality concerns and the practice in the conventional system, the Council decided that the number should be increased to six with a proviso that in case of joint supervision the number would be increased proportionately (e.g., if a student is supervised by two supervisors, the load of each supervisor would be counted as $\frac{1}{2}$; thus a supervisor can guide 6-12 Ph.D. students at a time depending upon the fact that the candidates are under sole or joint supervision) and that the Clause 4.4 be amended suitably. The Research Council also noted (Clause 5.1 of the Ordinance) that a credit weightage of 64-68 credits including 32-36 credits of course work and a duration of 2 to 4 years (Clause 8.1) of the M.Phil. programme were rather high and not in parity with what existed in the conventional system. The Council therefore decided that:

- (i) the credit weightage for the M.Phil. dissertation be reduced to 12 - 16 credits, and
- (ii) the minimum duration of the programme be changed to 18 months.

RC.9.3.4 The Research Council decided that Clauses 4.4 and 8.1 of the Ordinance on Research Degree Programmes be amended as per the decision in RC 9.3.3, and the existing Clause 4.5 be deleted from the Ordinance. A new clause, Clause 4.5, making provision of a Doctoral Committee for each Ph.D. student, as recommended by the Research Council's Standing Committee while considering the proposal of Ph.D. in Distance Education and in the area of the Differently Abled, may be incorporated.

RC.9.3.5 The Research Council considered the proposal for Ph.D. in Agriculture Extension and decided that the School of Agriculture be advised to elaborate how the programme would be different from that being offered by the conventional universities and institutions. The School should also modify the fee to be charged at par with other programmes and the course structure to 32-36 credits to be in line with Clause 5.1 of the Ordinance.

ITEM NO. 4 TO CONSIDER AND APPROVE THE PROPOSAL FOR LAUNCHING OF M.PHIL. IN SOCIAL WORK.

RC.9.4.1 The Member Secretary informed the Council that the School of Continuing Education had submitted the proposal for launching Master in Philosophy in Social Work through ODL. The School had submitted that the existing Schools of Social Work had limitations in extending facilities to social work practitioners-both in-service and self employed – to pursue research leading to M.Phil. The Social Work graduates (Master in Social Work to be launched in 2008) of the University would also have opportunities to pursue research studies leading to M.Phil. The University had also signed an MoU with Florida State University which will provide facilities for exposure programmes to IGNOU students of M.Phil. in Social Work. Several faculties from various Schools of Social Work have requested for the launch of M.Phil. programme through ODL. This will enable candidates from far flung areas and those in service particularly lecturers to pursue their research studies leading to M.Phil.

RC.9.4.2 The Research Council considered and approved the proposal (**Annexure-3**) for launching of M.Phil. in Social Work.

ITEM NO.5 TO CONSIDER AND APPROVE THE PROPOSAL FOR LAUNCHING OF PH.D. PROGRAMME ON DIFFERENTLY ABLED.

RC.9.5.1 The Member Secretary informed the Council that the Area Committee, at its 2nd Meeting held on 14.5.2007, while considering the proposal submitted by the National Centre for Different Abled for launching of the Ph.D. programme in Disability, decided (vide Resolution No. ACRC 2.2.2) that the proposal be submitted to the Research Council after incorporating the modifications suggested by the Committee.

Accordingly, the National Centre for Differently Abled (NCDA) had made necessary modifications and submitted the revised proposal.

RC.9.5.2 The Research Council considered the proposal and decided that the revised proposal for launching of Ph.D. programme for Differently Abled be first approved by the Area Committee.

The School Board at that time did not recommend the name of the supervisor and hence the proposal was not placed before the Research Council. The Minutes of the Seminar were approved by the School Board of School of Education at its 22nd Meeting held on 30.3.2006 vide resolution no. 22.6.1.
