Guidelines for Submitting Entries for
'Student Innovation Award-2021'

Indira Gandhi National Open University (IGNOU) has been promoting creativity, innovation and entrepreneurship among its students. In view of the announcement of the *Atmanirbhar Bharat* mission by the Government of India, it becomes more important to identify, recognize and support the innovator and entrepreneur students of IGNOU. In this context, for the last three years, IGNOU has been awarding its innovator students with the Student Innovation Awards on the Foundation day of the University. Under this scheme, **entries are invited from IGNOU students for the "Student Innovation Award-2021"**.

Who is Eligible to Apply for Innovation Award?

Any *bonafide* and registered students of IGNOU who has developed and implemented an innovative product, process or services as a solution to the problem/challenge being faced by individuals or society in any area, preferably from the given theme areas, is eligible to submit application for the 'Student Innovation Award-2021' in the prescribed format.

Why Should You Apply for Innovation Award?

1. The selected innovator Students of IGNOU will be recognized nationally.
2. The selected best three Innovators will get Student Innovation Award-2021 with Certificates, Trophies and Cash Prizes of Rs. 10,000/-, Rs, 7,000/- and Rs. 5,000/- respectively.
3. The selected potential innovators will get opportunity to interact with other innovators and learn from their experience.
4. The selected potential innovators, from amongst the applicants of the Student Innovation Award scheme, will be imparted guidance and handholding for improving their innovation further and taking it to the next level.

What are the Theme Areas?

Your innovation may be in any of the following areas :

1. Health Care and Biomedical Devices
2. Agriculture and Rural Development
3. Food Processing and Packaging
4. Smart Transport and Traffic Management
5. Renewable and Affordable Energy and Alternate Fuel
6. Clean and Potable Water and Water Management

7. Waste Management and Disposal
8. Technology Based Social Innovations
