

Teacher's Feedback Form (2022-2023)

Dear Teacher,

As you are aware that G20 focuses on inclusive, equitable, relevant and quality education and lifelong learning opportunities for all, within the theme of "One Earth, One Family, One Future".

India proposes to build on and carry forward the past deliberations so as to transform the current educational system. There is a need to make education more relevant for the capacities and skills required to prepare the learners of all ages and throughout life in the digital era; encourage collaboration and partnerships between Higher Educational Institutions and industries and engagement with societies: strengthening Research, promoting Innovation for the quest of widening the horizons of knowledge and using it for the good of humankind.

Attainment of Sustainable Development Goals by adopting eco-friendly lifestyles through LiFE (Lifestyle for Environment) is a major priority in the days to come. With LiFE, the prevalent 'use-and-dispose' economy will be replaced with a circular economy, characterized by responsible consumption. In order to contribute significantly to LiFE, individuals will be encouraged to make lifestyle changes in day-to-day living.

Against this backdrop, the feedback tool has been prepared so as to obtain your views on the issues flagged above. You are requested to kindly spare 10 minutes of your valuable time for filling up the Feedback form given below:

Name *

Dr. Neerja Sood

Gender *

☐

Teacher's Feedback Form (2022-2023)

Dear Teacher,

As you are aware that G20 focuses on inclusive, equitable, relevant and quality education and lifelong learning opportunities for all, within the theme of "One Earth, One Family, One Future".

India proposes to build on and carry forward the past deliberations so as to transform the current educational system. There is a need to make education more relevant for the capacities and skills required to prepare the learners of all ages and throughout life in the digital era; encourage collaboration and partnerships between Higher Educational Institutions and industries and engagement with societies: strengthening Research, promoting Innovation for the quest of widening the horizons of knowledge and using it for the good of humankind.

Attainment of Sustainable Development Goals by adopting eco-friendly lifestyles through LiFE (Lifestyle for Environment) is a major priority in the days to come. With LiFE, the prevalent 'use-and-dispose' economy will be replaced with a circular economy, characterized by responsible consumption. In order to contribute significantly to LiFE, individuals will be encouraged to make lifestyle changes in day-to-day living.

Against this backdrop, the feedback tool has been prepared so as to obtain your views on the issues flagged above. You are requested to kindly spare 10 minutes of your valuable time for filling up the Feedback form given below:

12. Give your three suggestions to make the University Campus Clean and Green. *

1. Improvement in Waste collection and disposing system is required. 2. Green is already there but clean campus awareness programmes to conducted and implemented in strictly. 3. Two Solid Waste Management teams should be created one office campus another for housing complex and give them full freedom in administratively and financially like metro man Mr. Sridharan then see..

.....

13. What are lifestyle changes you have made/or intend to make in line with LiFE (Lifestyle for Environment)? (Specify Yes/ No)

Carry a non-plastic water bottle while stepping out of home *

No

Use cloth bags for shopping for groceries instead of plastic bags *

Yes

Use stairs instead of an elevator, if possible *

Yes

Donate old clothes and books *

Yes

Practice segregation of dry and wet waste at homes *

No

Switch off appliances from plug points when not in use *

Yes

Use public transport wherever possible *

Yes

Switch off vehicle engines at red lights and railway crossings *

No

Plant trees to reduce the impact of pollution *

Yes

Feed unused and uncooked vegetables leftovers to cattle/ pets/ street animals *

Yes

Pre-soak heavy pots and pans before washing them *

Yes

Use steel/ recyclable plastic lunch boxes and water bottles *

Yes

Cut the packaging bags used for milk, buttermilk, etc. only partially to avoid plastic bits from mixing into biodegradable waste. *

Yes

Defrost fridge or freezer regularly *

Yes

Create kitchen gardens/ terrace gardens at homes/ schools/ offices *

Yes

Reuse water drained out from AC/RO for cleaning utensils, watering plants and others *

No

Set printer default to double-side printing *

Yes

Encourage use of indigenous herbs and medicinal plants such as neem, tulsi, giloy, mint, curry leaves, ashwagandha, etc.. *

Yes

Initiate and/or join green clubs in your residential area/ school/ office *

No

Participate in and mobilise participation for clean-up drives of cities and water bodies *

Yes ▼

Discard gadgets in nearest e-recycling units *

No ▼

Teacher's Feedback Form (2022-2023)

Dear Teacher,

As you are aware that G20 focuses on inclusive, equitable, relevant and quality education and lifelong learning opportunities for all, within the theme of "One Earth, One Family, One Future".

India proposes to build on and carry forward the past deliberations so as to transform the current educational system. There is a need to make education more relevant for the capacities and skills required to prepare the learners of all ages and throughout life in the digital era; encourage collaboration and partnerships between Higher Educational Institutions and industries and engagement with societies: strengthening Research, promoting Innovation for the quest of widening the horizons of knowledge and using it for the good of humankind.

Attainment of Sustainable Development Goals by adopting eco-friendly lifestyles through LiFE (Lifestyle for Environment) is a major priority in the days to come. With LiFE, the prevalent 'use-and-dispose' economy will be replaced with a circular economy, characterized by responsible consumption. In order to contribute significantly to LiFE, individuals will be encouraged to make lifestyle changes in day-to-day living.

Against this backdrop, the feedback tool has been prepared so as to obtain your views on the issues flagged above. You are requested to kindly spare 10 minutes of your valuable time for filling up the Feedback form given below:

Name *

Dr. Satya Raj

Gender *

☐ Male

☒ Female

☐ Third Gender

Name of School of Studies/ Institute: *

School of Sciences

Age Group (in years) *☐ 25-35☐ 36-45☒ 46-55☐ 56 and above**Academic Discipline: ***

Geography

Total experience in IGNOU (in years): *

12

Please give your feedback on following statements:**Theme 1: Use and Promotion of digital skills**

1. Is the programme available in digital format and having multimedia components to promote digital skills in the learners? *

Yes

2. Does the programme have components of digital learner support like IRC, TC, Web counselling, use of social media, WEAS, online submission of assignments etc that promote the desired digital skill and competency in the learner? *

Yes

3. Are MOOCs/ Open Educational Resources (OERs) integrated into the programme? *

Yes

4. Does the curriculum of programme you are/were involved covers digital age emerging topics/ subject areas such as digital economy, digital finance, digital government, digital health, digital education, AI, robotics, analytics, IOT, GIS, drones etc.? *

Yes

5. Where are you using digital technology in teaching-learning process at IGNOU? *

Yes

Theme 2: Collaboration and partnerships with industries and communities

6. Does your programme involve collaboration in its development or delivery? *

Yes

7. If yes, type of collaboration: (can select multiple options) *

- ☒ a) Development of programmes, curriculum design, unit writing etc.
- ☐ b) Internship/apprenticeship
- ☒ c) Delivery of programme i.e. Counsellor, LSC, work centre, evaluator, exam centre etc.
- ☒ d) Field work/Practicum/Project work
- ☐ e) Any other

7. (a) If any other above, please specify

Teacher's Feedback Form (2022-2023)

Dear Teacher,

As you are aware that G20 focuses on inclusive, equitable, relevant and quality education and lifelong learning opportunities for all, within the theme of "One Earth, One Family, One Future".

India proposes to build on and carry forward the past deliberations so as to transform the current educational system. There is a need to make education more relevant for the capacities and skills required to prepare the learners of all ages and throughout life in the digital era; encourage collaboration and partnerships between Higher Educational Institutions and industries and engagement with societies: strengthening Research, promoting Innovation for the quest of widening the horizons of knowledge and using it for the good of humankind.

Attainment of Sustainable Development Goals by adopting eco-friendly lifestyles through LiFE (Lifestyle for Environment) is a major priority in the days to come. With LiFE, the prevalent 'use-and-dispose' economy will be replaced with a circular economy, characterized by responsible consumption. In order to contribute significantly to LiFE, individuals will be encouraged to make lifestyle changes in day-to-day living.

Against this backdrop, the feedback tool has been prepared so as to obtain your views on the issues flagged above. You are requested to kindly spare 10 minutes of your valuable time for filling up the Feedback form given below:

Name *

Akshay Kumar

Gender *

Male

Female

Third Gender

Name of School of Studies/ Institute: *

School of Computer and Information Sciences

Age Group (in years) *☐ 25-35☐ 36-45☐ 46-55☒ 56 and above**Academic Discipline: ***

Computer Sciences

Total experience in IGNOU (in years): *

34

Please give your feedback on following statements:**Theme 1: Use and Promotion of digital skills**

1. Is the programme available in digital format and having multimedia components to promote digital skills in the learners? *

Yes

2. Does the programme have components of digital learner support like IRC, TC, Web counselling, use of social media, WEAS, online submission of assignments etc that promote the desired digital skill and competency in the learner? *

Yes

3. Are MOOCs/ Open Educational Resources (OERs) integrated into the programme? *

Yes

4. Does the curriculum of programme you are/were involved covers digital age emerging topics/ subject areas such as digital economy, digital finance, digital government, digital health, digital education, AI, robotics, analytics, IOT, GIS, drones etc.? *

Yes

5. Where are you using digital technology in teaching-learning process at IGNOU? *

IRC, TC, Online Lectures, Discussions with PhD students

Theme 2: Collaboration and partnerships with industries and communities

6. Does your programme involve collaboration in its development or delivery? *

Yes

7. If yes, type of collaboration: (can select multiple options) *

- ☐ a) Development of programmes, curriculum design, unit writing etc.
- ☐ b) Internship/apprenticeship
- ☐ c) Delivery of programme i.e. Counsellor, LSC, work centre, evaluator, exam centre etc.
- ☒ d) Field work/Practicum/Project work
- ☐ e) Any other

7. (a) If any other above, please specify

.....

8. Does your programme entail learner's interaction/participation with industry/communities? *

No ▼

9. If yes, list the activity(ies):

.....

10. How to bridge the gap between HEIs and industry/communities? Give your suggestions: *

The internship should be part of the curriculum; the Industry should be asked to float live projects for students.

.....

Theme 3: Contribution towards Sustainable Development Goals and LiFE (Lifestyle for Environment)

No ▼

9. If yes, list the activity(ies):

.....

10. How to bridge the gap between HEIs and industry/communities? Give your suggestions: *

The revision of any programme must involve experts from industries, community workers, social workers, NGOs, or big pharma companies depending on the nature of the programme so as to add relevant courses in the programme structure. This would help gain students insights into emerging real world problems, and hence motivate them to work on them.

.....
