ASSIGNMENTS of MSCHSC Programme

Dear Learners,

You will have to do all the Assignments as part of MSCHSC - M. Sc. (Home Science – Community Development & Extension Management) programme. IN TOTAL, 07 ASSIGNMENTS (of 6 Compulsory Courses and 1 Elective Course) ARE TO BE COMPLETED IN THE 1st YEAR. DOING ASSIGNMENTS OF ALL THE 07 COURSES IS COMPULSORY.

Objectives: The assignments are part of your evaluation and the marks will be carried in your grade sheets (refer to **Section 8**) on Evaluation in your Programme Guide). Another objective of the assignments is to assess how well you have understood the concepts explained in the various Blocks of every Course. This is assessed through the questions given in the assignments. Since the Master Programme aims to impart to you the requisite knowledge, understanding and skills, the purpose of the assignments is also to test how far you can apply the concepts in Community Development & Extension Management. Hence you are free to use as many examples and illustrations in your answers.

It is advised that answers should not be copied directly from the Self Learning Material (printed content) that has been given to you.
