**MES-042: DIMENSIONS OF EDUCATIONAL MANAGEMENT**

**Answer the following questions in about 500 words each:**

1. Explain how educational policies are implemented at different levels of education in States.
2. Define the concept of decentralized planning. Explain with suitable examples how it has helped in educational development at grass root level.
3. How can participation of villagers in School Management Committee (SMC) ensure the effective management of a school? Discuss. What problems a school Principal may face while engaging community members for management of the school?
