MES-112 DESIGN AND DEVELOPMENT OF SELF-LEARNING PRINT MATERIALS

Answer the following questions in about 500 words each:

- 1) Briefly explain the taxonomy of learning outcomes and different types of learning outcomes included in Cognitive, Affective and Psychomotor domains. Develop at least two learning outcomes in the subject of your expertise under each domain.

- 2) Describe, with example, the systems approach to course planning in distance education.

- 3) Explain the concept of interactivity in the process of teaching and learning. Why is it important to make Self Learning Materials interactive? Illustrate, with a concept from the subject of your choice, how interactivity can be built into self-learning material.
