(DPVE)**

JULY 2026 and JANUARY 2027

Dear Student,

As per laid down guidelines of the university, you have to complete assignments before the term end examination. The assignments carries 30% weightage and 70% weightage is for Term End Examinations. The questions are analytical and descriptive by nature. Therefore take your assignments very seriously. The main purpose of the assignments is to inspire you to thoroughly read the study materials and also to test your comprehension of the learning materials. It is advised that you apply your judgment and if possible consult reference books and related text materials before answering the assignments.

Complete the responses on assignments in all respects. Check that you have not inadvertently left answering any question before submitting the assignments. Incomplete assignments will ensure you poor grade. If you fail to get pass grade in any assignment, you have to submit it again. However, once you get the pass grade in an assignment, you cannot resubmit it for improvement of the grade. **You need to score 40% (minimum) each in both assignments and Term End Examinations to pass.**

Remember that **you have to write the answers of the assignments in your own handwriting** and should not send **typed assignments**.
