Guidelines for doing Assignments

Attempt all questions given in each of the assignments as instructed. You will find it useful to keep the following points in mind:

Planning: First, read the study material carefully, attend teleconferencing sessions and interactive radio counselling sessions conducted for the programme; if required, you can obtain details from Study Centre/Regional Centre), and then read the assignments carefully. Go through the units on which they are based. Make some points regarding each question and then rearrange them in a logical order.

Organisation: Draw a rough outline of your answer. Be analytical in your selection of the information for your answer. Give adequate attention to the introduction and the conclusion. Make sure that the answer:

- is logical and coherent;
- has a proper flow of information in sentences and paragraphs; and
- is written correctly, giving adequate consideration to your expression, style and presentation.

Presentation: Once you are satisfied with your answer, you can write down the final version for submission, writing each answer neatly.

With best wishes,
