Assignment Booklet

PG CERTIFICATE IN GEOINFORMATICS (PGCGI)
&
PG DIPLOMA IN GEOIFORMATICS (PGDGI)
&
MSC GEOINFORMATICS (MSCGI)

ASSIGNMENTS

JANUARY 2026 & JULY 2026 CYCLES

Valid from 1st January to 31st December 2026

Tutor Marked Assignments (TMA) for **Semester-I** Course

MGY-102: Remote Sensing and Image Interpretation

It is compulsory to submit the Assignments before filling in the Term-End Examination (TEE) Form

School of Sciences
Indira Gandhi National Open University
Maidan Garhi, New Delhi-110 068 (INDIA)

(2026)

Dear Learner,

Welcome to the Post Graduate Certificate Programme in Geoinformatics (PGCGI).

As per the laid down guidelines of the University, you need to complete the assignment for each course. Each assignment has certain number of questions. All the questions are compulsory. It is important that you should write the answers to all the questions in your own words. You should remember that writing answers to assignment questions will improve your writing skills and prepare you for the term-end examination.

This booklet includes assignment for the following course:

MGY-102: Remote Sensing and Image Interpretation

It is compulsory to submit the assignment within the stipulated time to be eligible for appearing the term-end examination. You will not be allowed to appear for the term-end examination for a course if you do not submit the assignment for that course within the due date. As per the University guidelines, if you appear in the term-end examination of a course without submitting its assignment, the result of the term-end examination is liable to be cancelled/ withheld.

The assignment constitutes the continuous component of the evaluation process and has 30% weightage in the final grading.

Before you write the assignment, first go through the course material and then prepare the assignment carefully by following the instructions pertaining to assignment. Your responses should not be a verbatim reproduction of the textual materials provided for self-learning purposes but it should be in your own words.

If you have any doubt or problem pertaining to the course material and assignment, contact the concerned Programme in-charge or Academic Counsellor at your Study Centre. If you still have problems, do feel free to contact us at the School of Sciences, IGNOU, New Delhi.

Wishing you all the best to successfully complete the programme.

Programme Coordinator

INSTRUCTIONS

1. On the first page of the assignment response sheet, write the course code, course title, assignment code, name of your study centre (SC) and date of submission.
2. Your enrollment number, name and full address should be mentioned on the top right corner of the first page.
3. Write the Course title, assignment number and the name of the study centre you are attached to, in the centre of the first page of your response sheet.
4. The top of the first page of your response sheet should be like the following:

NAME: ….....…….....…….....

ENROLLMENT NO.: .....…….....

CYCLE OF ADMISSION: …..….....…….....

PROGRAMME CODE: .....…….....

ASSIGNMENT CODE: …….…….....

COURSE CODE: …….....…….....

COURSE TITLE: …….…….....…….....

REGIONAL CENTRE CODE: ..... …….....

STUDY CENTRE: .....…….....

ADDRESS: …….....……...……....…..…….....

…….....……...……....…..…….....

.....…….....

CONTACT NUMBER: .....…….....

DATE OF SUBMISSION: ……..…….....…….....

Strictly follow the above format. If you do not follow this format, your script will be returned to you and you will be asked for re-submission.

5. Read the instructions related to assignments given in the Programme Guide.
6. Please note that unless you submit the assignments contained in this booklet within the stipulated time, you would not be permitted to appear for the term-end examination.

Note the following points before you start writing the assignments:

- Use only A-4 size paper for writing your responses. Only hand written assignments will be accepted. **Typed or printed copies of assignments will not be accepted.**
- Tie the pages after numbering them carefully.
- Write the question number for each answer.
- All the questions are compulsory.
- Keep a copy of the assignment answer sheets with you before submission for future reference.
- Answer each assignment on separate sheet.
- It is mandatory to write all assignments neatly in **your own handwriting. Write Your Name, Course Code, Enrollment No. and Cycle of admission** on all the assignments in bold letters**.**
- **Express your response in your own words. You are advised to restrict your response based on the marks assigned to it. This will also help you to distribute your time in writing or completing your assignments on time.**
- **The assignment has to be submitted at your Study Centre.**

You have to submit their completed assignments at the **Study Centre** allotted to you before the due date as set by the University.

It is desirable to keep with you a photocopy of the assignment(s) submitted by you.

*You have to submit the assignments to the Study Centre by **31st March, 2026** (for January 2026 Cycle), if you wish to appear in the June 2026 TEE and by **30th September, 2026** (for July 2026 Cycle), if you wish to appear in the December 2026 TEE.

Due Date of Submission*: For January 2026 Cycle: March 31, 2026
For July 2026 Cycle: September 30, 2026

* Please note that last date of submission may be changed by the University. Please check IGNOU website for updated information regarding due date of assignment submission.

Tutor Marked Assignment

MGY-102: Remote Sensing and Image Interpretation

Course Code: MGY-102
Assignment Code: MGY-102//TMA/2026
Max. Marks: 100

Note: Attempt all questions. The marks for each question are indicated against it. Write all answers in your own words; do not copy from the Self Learning Materials (SLMs). Write your answers in about 300 and 600 words for short and long answers, respectively.

Part A

1. Discuss in detail, energy-earth interaction giving suitable example. (10)
2. Describe various types of multispectral scanning systems. (10)
3. Write short notes on the following:
   a) Remote sensing system (5)
   b) Spectral signature of vegetation (5)
   c) Spatial image resolution (5)
   d) IRS series (5)
   e) Radarsat (5)
   f) Remote sensing data product (5)

Part B

1. Describe planning and collection of ground truth data. Add a note on its importance in geoinformatics studies. (10)
2. What is image enhancement? Discuss in detail, the techniques used to enhance images. (10)
3. Write short notes on the following:
   a) Elements of image interpretation (5)
   b) Land use land cover (5)
   c) Geometric correction (5)
   d) Image histogram and its significance (5)
   e) Kappa coefficient (5)
   f) Image transformation (5)
