Assignments - July 2025 and January 2026 sessions

Dear Student

You must have gone through the Programme Guide for the Master's in Anthropology (MAAN) and noted that assignment for each course is compulsory. Each assignment has been prepared covering the entire course.

It will benefit you to write the answers in your own words as it gives more clarity. Another point which you should remember while answering is the word limit, it should be maintained. There are different types of questions in the assignment, long answers (20 marks) and short answers (10 marks). The questions have been designed so that you are able to answer methodically and comprehensibly. It is advisable to consult your Academic Counselors in the Study Centres before starting these assignments to clear any doubt or even if you wish to discuss your answers.

The Assignments are required to be submitted to the Coordinator of your Learner Support Centre. Always keep the photocopy of the assignment submitted. Take an acknowledgement receipt for the assignment submitted and retain it.

The assignments would be returned back to you after evaluation. The Learner Support Centre sends the marks to Students Evaluation Division at IGNOU and these marks would be entered to your grade card.

Guidelines for doing Assignments

It is worth keeping in mind the following points while attempting the Assignments:

Planning: Go through the assignments very carefully. Read the units on which they are based. Note important points regarding each question and then rearrange it in a logical order.

Organization: Be cautious, selective and analytical before drawing up a rough outline of your answer. In long answers, give adequate consideration to the introduction and conclusion. Introduction should have a brief understanding of the question and then how you intend to develop it. The conclusion should summarize the answer to your question. The answers should be sound, clear, within word limit and express your understanding of the subject.

Presentation: Once you are satisfied with your answer, you can write down the final version for submission; write each answer neatly and highlight/ underline the points you wish to emphasize.
