Assignments – July 2024

Dear Learner,

You have to complete one Tutor Marked Assignment (TMA) for each of the courses in the Postgraduate Diploma in Rehabilitation Psychology. Each assignment has three sections with a number of questions and all must be answered.

Before you attempt the assignments, please read the study material and Programme Guide carefully. It is important that you write answers to all the TMA questions in your own words. Your answers should be within the approximate range of the word-limit set for a particular section. Remember, writing answers to assignment questions will improve and sharpen your understanding of the concepts.

Submission

You need to submit all the assignments within the stipulated time for being eligible to appear in the term-end examination. The completed assignments should be submitted as per the following schedule.

All Tutor Marked Assignments are to be submitted at the Work Centre assigned to you.

2. Read the assignments carefully and follow the instructions if any given on the assignment.
3. We expect you to answer each question as per guidelines mentioned in the assignment. You will find it useful to keep the following points in mind:
 - 1) **Planning:** Read the assignments carefully. Go through the units on which they are based. Make some points regarding each question and then re-arrange these in a logical order.
 - 2) **Organisation:** Be a little more selective and analytical before drawing up a rough outline of your answer. Give adequate attention to your introduction and conclusion. Make sure that your answer:
 - a) is logical and coherent;
 - b) has clear connections between sentences and paragraphs;

c) is written correctly giving adequate consideration to your expression, style and presentation

3) Presentation: Once you are satisfied with your answers, you can write down the final version for submission, writing each answer neatly and underlining the points you wish to emphasize. Make sure that the answer is within the stipulated word limit.

4. Use A4 size ruled paper for your response and tie all the pages carefully. Allow a 4cm margin on the left and leave some space between each answer. This will facilitate the evaluator to write useful comments in the margin at appropriate places.
5. ***Write the responses in your own hand. Do not print or type the answers. Do not copy your answers from the self-learning material sent to you by the University. If you copy, you will get zero marks for the respective question.***
6. Do not copy from the response sheets of other students. If copying is noticed, the assignments of such students will be rejected.
7. Write each assignment separately. All the assignments should not be written in continuity in one file. Thus, you will have separate assignments for each course to submit at the Work Centre.
8. Write the question number with each answer.
9. After submitting the assignment at the Work Centre, get the acknowledgement from the Coordinator/ Programme In-charge.
10. If you find that there is any factual error in evaluation of your assignments e.g. any portion of assignment response has not been evaluated or total of score recorded on assignment response is not correct, you should approach the coordinator of your Work Centre for correction and transmission of correct score to headquarters.

Please ensure the following before submitting your assignment response:

1. Your enrollment number, name and address have been written correctly.
2. The title of the course and assignment number has been written clearly.
3. Assignment for each course has been prepared separately and spiral bound/ cellotaped/ pinned properly, along with the printout of the Assignment Questions.
4. All the questions in the assignments have been answered and to be hand written.

WISH YOU ALL THE BEST
