### About STRIDE

The Staff Training and Research Institute of Distance Education (STRIDE) is a resource centre in ODL at National level and conducts workshops, training, professional/faculty development programmes for the teachers of the IGNOU, State Open Universities, Centres for Distance and Online Education, and dual-mode HEIs

### About Workshop

In view of UGC Regulations 2020 (ODL & Online) and the NEP 2020- the role and significance of distance, online and blended learning has become very crucial. HEIs have started looking for newer strategies for teaching-learning and assessment. Development of innovative self- learning resources is considered instrumental for the success of such strategies. In this backdrop, this residential workshop has been planned.

#### Expected Outcomes

- Develop a concept map of a course for online/ODL programme and establish link, among curriculum, learning outcomes , activities and assessment;
- Explain inter-relation and collaboration between various units in the design & development of learning resources;
- Design, develop and present a draft unit of a course in print-SLM format;
- Integrate emerging technological tools into the SLMs;
- Appreciate teachers' role towards learners' needs vis-à-vis preparation of learning resources.

#### Who Can Participate?

Teachers/academics/researchers from Indian open universities, ODL institutes, CDOE/DDEs/ DEIs and faculty from other HEIs working/to work on development of new courses and SLMs development
