## Foreword

At the heart of Indira Gandhi National Open University (IGNOU)'s mission lies an unwavering commitment to inclusive, high-quality, and accessible education. This commitment is driven by a motivated, energized, and capable Teachers and Academics whose academic rigor, innovative spirit, and deep learner-centric orientation form the cornerstone of our institutional identity. Our teachers do not merely disseminate knowledge; they inspire, innovate, design, mentor, and lead — often in ways that transcend conventional academic roles, particularly within the unique paradigm of Open and Distance and Online Learning.

This publication, “*Motivated, Energized and Capable Teachers and Academics at IGNOU (2020-2025)*”, showcases the many dimensions of Teachers and Academics development and engagement at IGNOU between 2020 and 2025. It highlights the sustained and strategic efforts undertaken by the University to support the continuous professional growth and well-being of its academic community. The wide-ranging activities covered in this document include Faculty Development Programmes, academic talks, mental wellness, and sports and cultural engagement collectively reflect IGNOU's Teachers and Academics empowerment. Our teachers' and academics' contributions to curriculum design, programme innovation, and learner engagement across 50 disciplines and 21 Schools of Studies stand as testimony to IGNOU's leadership in implementing the NEP in the ODL context. Importantly, this document reflects the spirit of the *National Education Policy (NEP) 2020*, which emphasizes Teachers and Academics capacity building as a key driver of institutional quality.

The Staff Training and Research Institute of Distance Education (STRIDE) has played a central and catalytic role in the process of capacity building. As a UGC-Malaviya Mission Teacher Training Centre (MMTTC), STRIDE has strengthened our institutional framework for academic excellence by fostering a wide spectrum of Faculty development programmes for both internal and external teachers and academics. In addition, STRIDE has conducted a wide range of training programmes in different domains including NEP implementation that have enabled IGNOU's teachers and academics to remain agile, informed, and responsive to the evolving educational landscape. The lectures and research engagements of the Teachers and Academics are a testament of their scholarship.

I commend the efforts of all teachers and academics and extend my appreciation to CIQA and the committee members for curating this important document. It not only serves as a record of our progress but also as an inspiration for the continued advancement of academic excellence at IGNOU.

**Prof. Uma Kanjilal**  
Vice Chancellor  
Indira Gandhi National Open University

## Acknowledgment

In alignment with the strategic objectives of the Indira Gandhi National Open University (IGNOU), and in view of its continued commitment to institutional excellence, the Centre for Internal Quality Assurance (CIQA) undertook the task of developing a comprehensive calendar of activities to guide and support preparations for the second cycle of NAAC accreditation and the NIRF 2026 ranking process. These activities were designed to address critical domains, including NAAC-related documentation and data validation, National Education Policy (NEP) 2020 implementation, data capturing and analysis for the National Institutional Ranking Framework (NIRF), and the development of Standard Operating Procedures (SOPs), policy documents and best practices to streamline internal processes and ensure compliance with national quality benchmarks.

To accomplish this multifaceted undertaking in a time-bound and systematic manner, the Hon'ble Vice Chancellor constituted a series of committees comprising academic and administrative professionals from across the University. Each committee was entrusted with a specific thematic area, with the responsibility of planning, preparing, and reviewing documentation and institutional practices in accordance with the evolving frameworks of quality assurance and regulatory expectations.

CIQA sincerely acknowledges and appreciates the outstanding commitment, scholarly engagement, and collaborative spirit demonstrated by all committee members. Their meticulous attention to detail, academic rigour, and deep understanding of the institutional processes were critical to the successful preparation of comprehensive and credible documentation in support of the University's goals. The committee members undertook additional responsibilities beyond their regular duties, working diligently to collate data, contribute to narrative reports, validate evidence, and ensure alignment with national quality parameters.

The committees' collective efforts have greatly strengthened the University's internal quality systems and have contributed meaningfully to projecting IGNOU's distinct status as a national resource in the field of open and distance and online education. Their work reflects not only professional excellence but also a shared vision of advancing IGNOU's mission of inclusive and quality higher education across the country and beyond. CIQA acknowledges the contribution of STRIDE and Administration Division and IGNOU teachers and academics for providing the necessary inputs and access to its records which helped in completing the document.

CIQA places on record its deep gratitude to the Hon'ble Vice Chancellor for her support, insightful leadership and guidance. Above all, CIQA extends its heartfelt thanks to each member of the preparation team for their valuable contributions, without whom the timely completion of this critical institutional endeavour would not have been possible.

## 1. Introduction

The Indira Gandhi National Open University (IGNOU) stands as a distinguished institution in the field of Open and Distance Learning (ODL), committed to democratizing education and expanding its reach to learners across India and abroad. As one of the largest open universities in the world, IGNOU's stature and achievements including the prestigious NAAC A<sup>++</sup> accreditation and the top position in the NIRF rankings are a testament to the unwavering commitment and academic excellence of its Teachers and Academics.

IGNOU's Teachers comprises Professors, Associate Professors, and Assistant Professors posted at the headquarters in the Schools of Studies and STRIDE; and Academics, namely: Sr. Regional Directors/Additional Directors, Regional Directors/Deputy Directors and Assistant Regional Directors/Assistant Directors at the headquarters in Divisions, Units and Cells and Regional Centres across the country. Each of them playing a crucial role in delivering quality education. The University's sanctioned strength of Teachers and Academics is determined by the Academic Coordination Division (ACD), which oversees the creation of posts, appointments, transfers, and postings of Teachers and Academics. This division also coordinates the appointment of Consultants to support Teachers and Academics functions. Table 1 below shows the sanctioned posts for Teachers and Academics, and strength of Teachers and Academics in position since 2020:

Recruitment at IGNOU is a multi-stage process designed to ensure the selection of competent and qualified teachers and academics. The recruitment process is completely online conducted through the SAMARTH portal. Typically, the process begins with the advertisement of vacant positions through various channels, including the University's website and national newspapers. Interested candidates are required to submit online applications, providing details and evidence of their academic qualifications, research experience, and other relevant credentials. Shortlisting of candidates is based on predefined criteria, often involving academic merit, research output, and teaching experience as per the University Grants Commission (UGC) norms and guidelines. The process is completed through specially appointed screening committees comprising senior teachers and academics. The shortlisted candidates are then called for interviews conducted by selection committees comprising subject experts, visitor nominee, category nominee for SC/ST/OBC and nominee for women and senior university officials. IGNOU has been actively recruiting Teachers and Academics for various positions, as evidenced by recent advertisements for consultants and other academic roles across different Schools of Studies, Institute, Divisions, Centers, Units, and Regional Centres. The Government of India norms are strictly adhered to in the recruitment process.

The Career Advancement Scheme (CAS) for teachers and academics is an essential component of Teachers and Academics development and retention at IGNOU, aligning with UGC regulations. The CAS provides a framework for the promotion of Teachers and Academics to higher academic levels based on their performance, research contributions, and service to the institution. It offers a structured career progression path for teachers and academics, motivating them to enhance their qualifications and contribute effectively to the University's academic environment. The CAS process at IGNOU involves Teachers and Academics submitting a Performance Based Appraisal System (PBAS) and Annual Performance Appraisal Report (APAR), detailing their teaching, research, and administrative activities. These reports are then assessed by screening and evaluation committees based on criteria outlined in the CAS ordinances, which consider factors such as teaching quality, publications in peer-reviewed journals, research projects, innovations, recognitions, and participation in academic and administrative responsibilities. Promotion under CAS is also assessed by Selection Committees. Thus, promotion under CAS not only provides financial benefits but also recognizes the professional growth and contributions of the teachers and academics.

IGNOU's academic strength is also rooted in the remarkable capabilities of its teachers. Spanning 50 disciplines across 21 Schools of Studies and STRIDE (Fig.1), they bring extensive expertise and a learner-centric approach to curriculum design, assessment, and instructional delivery. The teachers are proficient in developing self-learning materials, integrating multimedia and digital tools, and aligning pedagogical strategies with the principles of open, distance and online education. Their ability to foster critical thinking, connect theoretical knowledge with real-world applications, and create flexible learning pathways ensures that learners are well-equipped to succeed in their personal and professional pursuits.

**Fig. 1: Disciplines at IGNOU**

The professional energy of the teachers is further evident in their participation in programme planning, curriculum development, and academic innovations. Teachers actively contribute to

the conceptualization of new programmes, revision of existing courses, and adoption of emerging technologies in teaching-learning practices. Their involvement in research, extension, and outreach activities adds value to both the institution and the broader academic community.

Most of IGNOU's Teachers and Academics hold Ph.D. degrees from premier institutions and possess substantial experience in teaching, research, and academic administration. They are involved in interdisciplinary projects, policy development, consultancy, and national-level academic initiatives, further reinforcing the University's reputation. The IGNOU teachers' contributions to instructional design, content development of self-learning materials in print and digital formats, production of educational media, and design, development, and delivery of Massive Open Online Courses (MOOCs) demonstrate their versatility and deep understanding of the open learning paradigm.

In an open university, besides course design and development, learner support is an important component of the pedagogy. The teachers and academics are trained in providing effective and efficient support services through multiple media namely, interactive radio counselling through *GyanVani* and *GyanDhara*; teleconferencing sessions through *GyanDarshan*; and web-based counselling through social media and ePlatforms.

Engagement with learners is a defining characteristic of the teaching culture at IGNOU. Primarily, academics and academic counsellors maintain consistent communication through online forums, virtual classrooms, radio and teleconferencing, social media, and face-to-face sessions at Learner Support Centres with the large number of diverse and dispersed learners. Despite the geographical and technological barriers inherent in distance education, they remain deeply committed to learner success, continuously updating their skills and pedagogical methods to meet evolving educational demands.

Moreover, teachers and academics serve on Academic Council, Boards of Studies, and Expert Committees within IGNOU and other reputed institutions, playing a key role in shaping the direction of Higher Education in India. Their academic leadership and strategic vision contribute significantly to IGNOU's ongoing innovation and keeping abreast with the latest technological advancements in ODL.

In essence, the Teachers and Academics at IGNOU exemplify the University's commitment to academic excellence, innovation, and inclusivity. Their motivation, energy, and expertise form the cornerstone of IGNOU's success, enabling it to transform the educational landscape and empower learners across all sections of society.

Ensuring a robust and qualified Teachers and Academics is pivotal for maintaining the university's academic standards and meeting the diverse needs of its extensive learner base. IGNOU also fosters a culture of continuous professional development. Regular training programmes, workshops, seminars, and collaborations with national and international academic bodies enable Teachers and Academics to remain current with global academic trends and innovations. This sustained engagement promotes academic vitality and responsiveness, enhancing learner experiences and institutional impact.

## 2. STRIDE: Roles & Functions

The Staff Training and Research Institute of Distance Education (STRIDE) serves as a pivotal institution within the Indira Gandhi National Open University (IGNOU), dedicated to advancing the fields of Open and Distance Learning (ODL) and online education. Established to address the training and research needs of ODL professionals, STRIDE has evolved into a national and international hub for capacity building, academic programme development, and policy implementation in distance education.

Initially founded in 1986 as the Division of Distance Education, it was created shortly after IGNOU's inception in 1985 to support the burgeoning ODL system in India. Recognizing its significant contributions, the Commonwealth of Learning (COL), the Asian Development Bank (ADB), and the then Ministry of Human Resource Development (MHRD), Government of India, collaborated to upgrade Division of Distance Education to STRIDE in 1993. This transformation aimed to establish a premier institute for training and research in distance education, not only for India but also for the broader South Asian region.

### 2.1 Core Functions and Responsibilities

STRIDE's multifaceted roles encompass:

Fig. 2: Roles of STRIDE

#### A) Training and Capacity Building

STRIDE conducts orientation, refresher, induction and specialized training programmes for academic and non-academic staff across IGNOU, State Open Universities (SOUs), and other Higher Education Institutions (HEIs).

#### B) Academic Programme Development

STRIDE offers a suite of academic programmes aimed at developing expertise in distance education and online learning *viz.*:

- Diploma in Distance Education (DDE) introduced in 1987 through distance mode equips

learners with foundational knowledge in ODL. The programme was upgraded to Post Graduate Diploma in Distance Education (PGDDE) in 1992.

- Master of Arts (Distance Education) (MADE) launched in 1993 through distance mode provides advanced insights into the theories and practices of distance education.
- Online Programmes (Post Graduate Diploma in Distance Education-online and Master of Arts in (Distance Education) online.

These programmes cater to the growing demand for flexible, online learning options in the field of distance education. These programmes have been instrumental in building ODL capacities across more than 20 Commonwealth countries and 19 African countries under the e-*Vidyabharti* project of Ministry of External Affairs and Afghanistan for the ICCR project. In addition, STRIDE also offers courses under SWAYAM for lifelong learning. In order to meet the teacher training needs, STRIDE offers courses on SWAYAM and also coordinates the SWAYAM Prabha Channel 15 on Capacity Building and Teacher Education. It also operates a dedicated Smart Classroom for serving its capacity building programmes.

### C) Research and Development

STRIDE offers a Ph.D. programme in Distance Education, fostering research in areas such as instructional design, learner support systems, and educational technologies. As of 2024-25, 33 research scholars are actively engaged in doctoral studies, contributing to the advancement of ODL educational system.

### National Education Policy 2020 (NEP-2020) Implementation

The National Education Policy (NEP) 2020 emphasises the need for motivated, energized, and capable Teachers and Academics in higher education. In alignment with this vision, STRIDE has been at the forefront of training educators to adapt to the new educational paradigm. Between 2020-21, STRIDE conducted 21 training programmes focusing on various aspects of NEP-2020. In 2022, IGNOU -STRIDE was recognized as an UGC-Human Resource Development Centre (HRDC) equivalent centre and this approval was formalized by IGNOU in its 78<sup>th</sup> Academic Council meeting held on June 13, 2022. This equivalence ensured that participants could accrue Academic Performance Indicator (API) scores and benefit from the Career Advancement Scheme (CAS). Between 2022-2025, STRIDE conducted 63 training programmes in which a total of 2082 participants were certified.

In 2022, the Ministry of Education through UGC also entrusted STRIDE with the responsibility of conducting National Capacity Building of University and College Teachers (NEP-Professional Development Programme). This 36-hour programme was to be completed within 6-12 days, and 14 batches participated from September 2022 to June 2023. A total of 29,428 teachers were certified. IGNOU-STRIDE also developed a 2-Credit SWAYAM Course under MoE's NEP-PDP for Administrators and General Practitioners of higher education which was conducted from Feb 2023 to April 2024 in which 7434 teachers were certified.

In February 2024, MoE-UGC awarded the Malaviya Mission Teacher Training Centre (MMTTC)

to IGNOU and this was housed in STRIDE. From April 2024 up to June 2025, STRIDE conducted 31 training programmes in which a total of 3320 teachers from across the country have been trained (Table 2).

**Table 2: Training Programmes conducted under UGC-Malaviya Mission Teacher Training Programme**

Year	Number of Training Programmes conducted by STRIDE	Number of Participants Certified
April 2024 to March 2025	25	2546
April 2025 to June 2025	06	774
<b>Total</b>	<b>31</b>	<b>3320</b>

Source: STRIDE, IGNOU

In addition, STRIDE between 2020-25 has conducted 88 programmes in which over 3701 participants have been certified (Table 3 of the next section).

STRIDE's comprehensive approach to training, academic programme development, research, and policy implementation underscores its pivotal role in advancing distance education. Through its initiatives, STRIDE continues to contribute significantly to the professional development of educators and the evolution of the ODL system in India and beyond.

### 3. Teachers and Academics Capacity Building Programmes (2020- 2025)

The Staff Training and Research Institute of Distance Education (STRIDE), in accordance with its mandate, has consistently undertaken various Professional Development Programmes (PDPs) for teachers and academics across the University during the period 2020 to 2025 as given in Table 3. These initiatives also reflect the University's commitment to quality enhancement and continuous professional growth in the domains of ODL, online education, and the broader framework of the National Education Policy (NEP) 2020.

Between **2020 and 2025**, STRIDE, IGNOU conducted 88 professional development programmes, reaching a total of 3701 participants. The nature, scale, and focus of these programmes evolved significantly over the five-year period, reflecting the priorities of NEP 2020 and the growing demands of digital and inclusive education.

In **2020–2021**, the focus was on capacity building for online teaching and ICT-enabled research in response to the COVID-19 pandemic. Programmes were virtual and attracted high participation.

From **2021–2022** onward, NEP 2020 implementation became central, with orientation and training programmes designed for newly recruited Teachers and Academics, academic administrators, and non-teaching staff. Topics ranged from instructional design and research to inclusion and RTI compliance.

Since **2022–2023** the training programmes focused on emerging technologies, AI, MOOCs, and collaborations with institutions like UNESCO. The focus on digital pedagogy and content development remained strong.

In **2023–2024**, STRIDE deepened its focus on advanced themes such as Education 4.0, Generative AI, and NSQF-aligned skill development. A notable increase in workshops for non-teaching staff and the integration of Hindi Unicode training showcased inclusive and multilingual capacity building.

By **2024–2025**, the number of programmes surged to 9 with over 428 participants demonstrating STRIDE's robust outreach and institutional commitment to NEP sensitisation. This period featured extensive orientation and training in both academic and administrative domains, including induction programmes, refresher courses, and digital capacity building.

Overall, the analysis reveals a structured, responsive, and scalable approach by STRIDE to enhance academic and professional competencies in the ODL system, aligning with IGNOU's strategic goals and national education priorities.

**Table 3: Summary of Professional Development Programmes conducted by STRIDE (2020–2025)**

Besides the PDPs conducted by STRIDE, the teachers and academics of the university actively participated in Refresher Courses, Workshops, MOOCs, and Orientation Programmes conducted by other key national bodies and platforms such as AICTE-ATAL, SWAYAM, PMMMMNMTT, ARPIT, and MMTTP and also other central universities and autonomous institutions. The details are given in Appendix 1.

The total number of the teachers and academics who participated in these programmes is presented in Table 4. Over the last four years (2020-2025), more than 3701 entries of professional development engagements were documented, indicating sustained institutional support and Teachers and Academics enthusiasm for continuous upskilling. Notably, several staff members

participated in multiple programmes annually, with some attending up to nine programmes in a single year. The majority of participants were Assistant Professors, Assistant Regional Directors, and other mid-career teachers and academics, reflecting broad-based participation from both headquarters and Regional Centres.

A recurring and dominant theme was the implementation and operationalization of the NEP 2020, which was reflected in the capacity building programmes during the period under review. The focus areas included:

- ICT-enabled education and online pedagogy, including response to the COVID-19 pandemic;
- Multidisciplinary education including design and development of Self-Learning Materials (SLMs);
- Skill development, and design and development of NSQF compliant programmes/ qualifications;
- Research methodology, academic writing, and ethics in health and education;
- Emerging technologies, including AI, data analytics, learning analytics and cyber security;
- Indian Knowledge System including *Rajbhasha*, multilingual education; and
- Training modalities evolved significantly over the years. While the programmes during 2020–21 were heavily reliant on virtual platforms due to the pandemic, subsequently, STRIDE conducted programmes that were a balanced mix of online, hybrid, and face-to-face formats. Programme duration ranged from short 5–6 days workshops to MOOCs and refresher courses lasting up to 12 days.

**Table 4: Summary of PDP attended by IGNOU Teachers and Academics (2020-2024)**

Year	Number of teachers and academics
2020-2021	122
2021-2022	147
2022-2023	65
2023-2024	48
Total	382

Source: STRIDE, IGNOU

The data presented in Table 4 reveals drop in the number of participants in the last two years. This is mainly because of the University conducting regular CAS Promotions as a result of which the requirement of the teachers and academics to attend such programmes gets reduced. As per the UGC Regulations 2018 for Career Advancement of Teachers and Academics, after obtaining Level 13A, it is not mandatory for the teachers and academics to attend the PDPs.

In a nut shell, IGNOU's professional development activities from 2020 to 2024 underscore the institution's unwavering commitment to capacity building, pedagogical innovations, and policy alignment. These structured initiatives have not only enriched the competencies of individual teachers and academics but have also reinforced the University's leadership role in the national and international ODL ecosystem. Moving forward, such sustained efforts will remain critical for the successful implementation of NEP 2020 and also for positioning IGNOU at the forefront of transformative higher education.

## 4. Invited Lectures and Talks

In higher education, invited lectures and talks are a part of professional development of Teachers and Academics. Invited lectures and talks have the strength for the individual development of the Teachers and Academics. They equally help in bolstering the image of the institution. Teachers and academics are invited as key-note speakers or resource persons in an international, national or state level seminars, workshops, conferences; resource persons in a PDP, Orientation, Induction, Refresher Programmes conducted by the UGC-HRDC/ MMTTC at the University or at other HEIs across the country. The details of the invited lectures and talks are given in Appendix 2 & 3 and the summary is presented in Table 5.

**Table 5: Number of Invited Lectures and Talks by Teachers and Academics of IGNOU**

Year	Lectures/ Talks outside IGNOU	Lectures/ Talks within the University
2020	138	44
2021	149	28
2022	185	56
2023	176	90
2024	383	80
2025	130	25

## 5. Mental Health and Wellness of Teachers and Academics

IGNOU, through its Discipline of Psychology, School of Social Sciences (SOSS), has systematically undertaken a series of academic and outreach initiatives during the period 2020–2025 to address the mental wellness and psychological well-being of Teachers, Academics and other staff members. Recognising mental health as an essential pillar of institutional effectiveness and personal growth, these initiatives reflect the University’s commitment to foster a healthy, supportive, and inclusive academic environment.

The initiatives undertaken during this period were structured around the key dimensions of mental health, including post-pandemic resilience, psychological education, well-being in the workplace, and inclusive mental health practices. In response to the global mental health challenges exacerbated by the COVID-19 pandemic, the University initiated a series of programmes beginning in 2020, which were sustained and diversified in the subsequent years.

### These programmes broadly fall under the following categories:

- Academic Lectures and Talks by nationally and internationally recognised psychologists and public health professionals;
- Interactive Sessions encouraging dialogue and help-seeking behaviour;
- Workshops focusing on applied aspects such as palliative care;
- Creative Competitions designed to promote emotional expression; and
- Digital Outreach Initiatives, including a live broadcast series and an e-magazine to ensure sustained engagement.

### Programme Implementation and Highlights

- In 2020, the University organised a National Webinar on “Reboot and Rebuild: Implications for Mental Health Post COVID-19” along with a poetry competition to promote awareness and emotional articulation during the pandemic. Talks were delivered by Dr. Urmi Nanda Biswas, Professor of Psychology, M. S. University, Baroda and Dr. Shilpa Pandit, Professor of Psychology, Chinmaya Viswavidyapeeth, Kerala.
- The year 2021 featured a keynote talk on mental health and human values by Prof. Girishwar Misra, offering a philosophical and psychological lens to the discourse on well-being.
- In 2022, a series of events were organised in October to mark World Mental Health Day, including expert talks by eminent psychologists and public health professionals such as Dr. T.V. Sairam, Prof. Monika Arora, and Prof. Girishwar Misra. The programmes included:
  - Interactive counselling sessions;
  - A workshop on palliative care in collaboration with CanSupport (A registered society for home-based palliative care);
  - A bilingual slogan competition on mental health; and
  - Thematic talks addressing sustainable well-being and the role of mental health in public health.

- The period 2023–2024 expanded the horizon of discussions to include global perspectives. Lectures by Dr. Sukanya Ray (Suffolk University, USA) and Prof. Rachna Bhargava (AIIMS, New Delhi) addressed mental health in cross-cultural contexts and the digital age. Talks also covered workplace wellness, psychosocial disability, and indigenous knowledge systems as frameworks for mental well-being.
- In 2024–2025, IGNOU institutionalised its mental health initiatives through the launch of:
  - “*Aao Baat Karein – Let’s Talk*”, a recurring, interactive session series for open dialogue, beginning in October 2023.
  - “*Manas*”, a digital triannual e-magazine focused on mental health, initiated in April 2025.
  - “*Manosampada*”, a monthly live telecast series on *GyanDarshan* and *GyanVani*, also launched in April 2025, to enhance outreach through mass media platforms.

The programmes were delivered in both online and offline modes, thereby ensuring accessibility, adaptability, and broader participation across the University. The Discipline of Psychology, SOSS, served as the academic and organisational anchor for all events, ensuring scholarly rigour, relevance, and continuity.

While detailed data on participation and funding were not reported, the frequency, consistency, and quality of engagements over five years demonstrate an embedded institutional practice towards prioritising Teachers and Academics mental health.

The details of the programmes conducted on mental health are given in Appendix 4.

## 6. Sports and Cultural Activities

In an effort to foster community engagement and to promote physical and cultural well-being among its staff, IGNOU reinitiated a structured series of sports and cultural events after a break of 3 years due to the COVID protocols. The process began in December 2023 with formal institutional planning and extended to the execution of multiple sports tournaments involving widespread participation from both academic and administrative staff.

The initiative commenced with the notification dated 15<sup>th</sup> December 2023, inviting nominations from the regular staff of IGNOU to participate in different sports and cultural activities to be held at IGNOU Headquarters. This notification, specified the following sports events: Volleyball, Cricket (for both men and women), Football, Badminton, Table Tennis, Carrom, Chess, and Kabaddi. For effective coordination, specific staff members including teachers and academics were assigned as points of contact for different events. The Teachers and Academics and non-teaching staff from Schools, Divisions, Centres, Units and local Regional Centres participated in the sports and cultural activities. The notification and details of the sports and cultural activities conducted during the period are presented as Appendix 5.

## 7. The Way Forward

As IGNOU advances into the next phase of its institutional journey, the Teachers and Academics will continue to remain the central force driving innovation, learner engagement, and quality enhancement in ODL and Online Education. Building upon the strong foundation laid between 2020 and 2025 through structured Teachers and Academics development programmes, mental wellness initiatives, academic engagements, and community-building activities, the way forward must be strategically aligned with the National Education Policy (NEP) 2020, evolving educational technologies, and the demands of a diverse learner population. This may include capacity building programmes in new pedagogies and technologies, skill development and leadership training. As digital transformation continues to reshape higher education, IGNOU Teachers and Academics must embrace emerging technologies such as artificial intelligence, data analytics, immersive learning, and open educational resources. Training in digital content development, learner analytics, and ethical online practices will equip Teachers and Academics to create inclusive, flexible, and engaging learning environments. The introduction of digital innovation fellowships or recognition awards can further encourage Teachers and Academics to become pioneers in digital pedagogy.

Research and scholarly output must be further strengthened to enhance the academic standing of the University. Teachers and Academics should be supported through internal research grants, joint projects, inter-school collaborations, and capacity-building in advanced research. Institutional support for publishing in reputed journals, creating MOOCs, and contributing to national policy discussions will also promote a vibrant research culture.

To increase mental health awareness and sensitization among Teachers and Academics, offering regular counselling support, and creating confidential peer support spaces will contribute to a healthier and more resilient academic environment.

In addition, the University may consider building on the momentum of its recent sports and cultural initiatives to strengthen community spirit among staff. Organising annual Teachers and Academics festivals that integrate academic, cultural, and recreational events can promote institutional pride and holistic development. Rotating leadership in sports and cultural committees, and encouraging inter-regional participation will foster inclusivity and engagement.

Ensuring gender equity and inclusive representation in academic leadership roles must also be a key priority. Teachers and Academics mentoring programmes, leadership coaching for women and underrepresented groups, and regular sensitization workshops will promote a more equitable academic environment.

**MINUTES OF THE 1<sup>st</sup> MEETING OF THE COMMITTEE ON “MOTIVATED, ENERGIZED, AND CAPABLE FACULTY” ON 7<sup>th</sup> APRIL, 2025 AT 3.00 PM IN THE TRAINING HALL, STRIDE, BLOCK-16, IGNOU, MAIDAN GARHI, NEW DELHI-110068**

---

The following were present:

- Prof. Anita Priyadarshini, Director, STRIDE (Chairperson)
  - Prof. Manjulika Srivastava, OSD, CIQA (Member)
  - Prof. Vijay Kumar P. Director,-CIQA (Special Invitee)
  - Dr. Niradhar Dey, Associate Professor, SOE (Member)
  - Dr. Deeksha Dave, Associate Professor, SOITS (Special Invitee)
  - Dr. Navita Abrol, Deputy Director, CIQA (Special Invitee)
  - Dr. Pulla Lakshmi, Assistant Professor, STRIDE (Member)
  - Dr. Shekhar Suman, Assistant Director, CIQA (Member)
  - Dr. Ram Chandra, Assistant Professor, STRIDE (Convenor)
- 

At the outset Prof. Anita Priyadarshini, Director, STRIDE and Chairperson of the Committee, welcomed all the esteemed members and special invitees to the first meeting of the Committee on “Motivated, Energized, and Capable Faculty” and underlined that the purpose of this committee is to document the implementation of the NEP-2020 in IGNOU w.r.t. the capacity building of faculty and staff so as to ensure that this may be reflected in the 2nd cycle of NAAC accreditation and NIRF 2026 ranking of the University.

Prof. Manjulika Srivastava, OSD, CIQA (Member) said that STRIDE had been conducting training programmes from the inception of IGNOU and in the recent past STRIDE had been awarded UGC MMMTTC also. Hence all these achievements need to be reflected in the next cycle of the NAAC and NIRF.

During the discussions it was suggested that the data related to paid training programme conducted by STRIDE should also be included in the report. It was further suggested that the section on ‘Welfare Measures of the University 2020-2025’ should be shifted from this Committee to another appropriate Committee. As regards the Faculty Development Programmes (2020-2025), it was decided that since CIQA already has the details of programmes conducted as well as attended by faculty in STRIDE as well as outside IGNOU, therefore CIQA would provide this information to STRIDE.

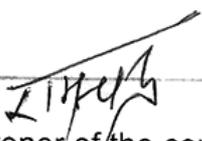

The finalized structure and allocation of sections amongst the members is as follows:

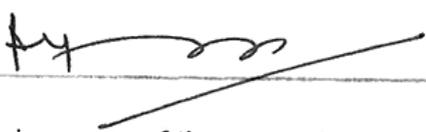

Section	Responsibility of concerned member
Introduction (Sanctioned Faculty strength, in position; Recruitment & CAS)	CIQA & ACD
STRIDE: It's Role & Functions	STRIDE (Prof. Anita Priyadarshini)
Faculty Development Programmes (2020-2025)	CIQA & STRIDE (Data collection by Google Form) Dr. Pulla Lakshmi & Dr Ram Chandra
Invited Lectures & Talks (2020-2025)	Dr. Niradhar Dey & Dr. Ram Chandra (Data collection by Google Form) with CIQA
Mental Wellness and Health of Faculty (2020-2025)	CIQA (With inputs from SOSS & SOHS)
Sports & Cultural Activities (2020-2025)	Sports & Cultural Committee of IGNOU & CIQA with inputs from Administration Div.
List of Appendices <ul style="list-style-type: none"> <li>• List of FDP attended by faculty (2020-2025)</li> <li>• List of FDP conducted by STRIDE (2020-2025)</li> </ul>	STRIDE (Dr. Ram Chandra)
The way ahead	STRIDE (Prof Anita Priyadarshini)

### Timelines and Next Steps

The documentation of implementation of NEP-2020 on "Motivated, Energized, and Capable Faculty" for ensuring smooth coordination and timely completion of tasks for 2nd cycle of NAAC accreditation and NIRF 2026 ranking of the University to be finalized by end of April 2025.
