MEDS-075

**POST GRADUATE DIPLOMA IN
POPULATION AND FAMILY HEALTH
STUDIES (PGDPFHS)**

Term-End Examination

December, 2024

**MEDS-075 : RESEARCH METHODOLOGY IN
POPULATION AND FAMILY HEALTH STUDIES**

Time : 3 Hours

Maximum Marks : 100

***Note : Answer any **five** questions. All questions
carry equal mark.***

1. Define objective in the context of Research.
What are the different types of objective in
research ? Explain different criteria for judging
objectives. 20
2. Discuss different types of validity. Reliability or
validity, which is important ? Illustrate with
examples. 20
3. Explain different measures of central tendency
and dispersion with suitable examples. 20

[2]

4. Describe various components covered while writing a research report. 20
5. Explain different types of impact assessment. Describe tools and techniques used in impact assessment. 20
6. Define evaluation. Discuss the types of evaluation and methods of data collection for evaluation. 20
7. Differentiate between correlation and regression. Explain various features of correlation and regression. 20
8. Write short notes on any **two** of the following :
10×2=20
 - (a) Project cycle management
 - (b) Participatory method
 - (c) Criteria for choosing research topic
