During the Corona pandemic, the Learner Support Centres organized this activity virtually. Face to face and physical activities have been restored to normalcy in the institutions and colleges. Accordingly, some of the LSCs also conducted the IM in face-to-face mode. In addition, induction meetings were also organized separately for the students who had enrolled in an online academic programme. Regional centre-wise details of IM have been given in Table 23.

A total **252** induction meetings (IM) were organised during the April 2024 (Table 6), whereas total **80** inductions meetings were organized in face to face for ODL Programme. A total of **112** IMs were organized for students of the ODL program in Online mode during April 2024. Ratio – Expenditure, Enrolment and Staff

The ratio is defined as the relation between two numbers which shows how much bigger one quantity is than another. In this study the ratio between expenditure and staff, expenditure and enrolment, enrolment and staff has been calculated in order to measure the magnitude of regional centres' expenditure corresponding to staff posted as well as corresponding to the number of learners enrolled.

The higher the **Expenditure-to-Staff ratio**, the greater the expenditure per staff member at the Regional Centre, and *vice-versa*. The highest ratio was found in regional centre Angul, while the lowest was found in regional centre Delhi 1. Figure 34 depict the regional centres with the highest and lowest expenditure-to-staff ratio.
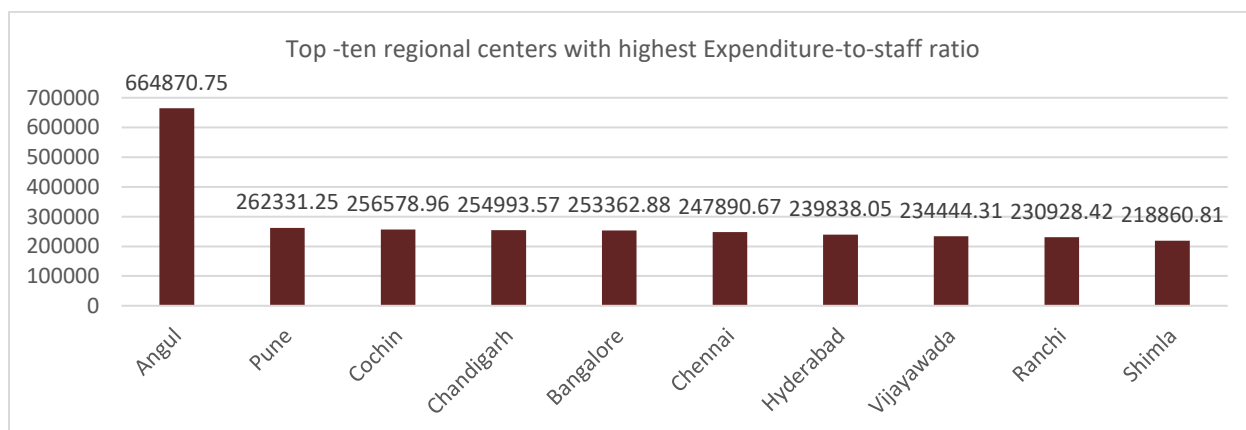

Figure 34
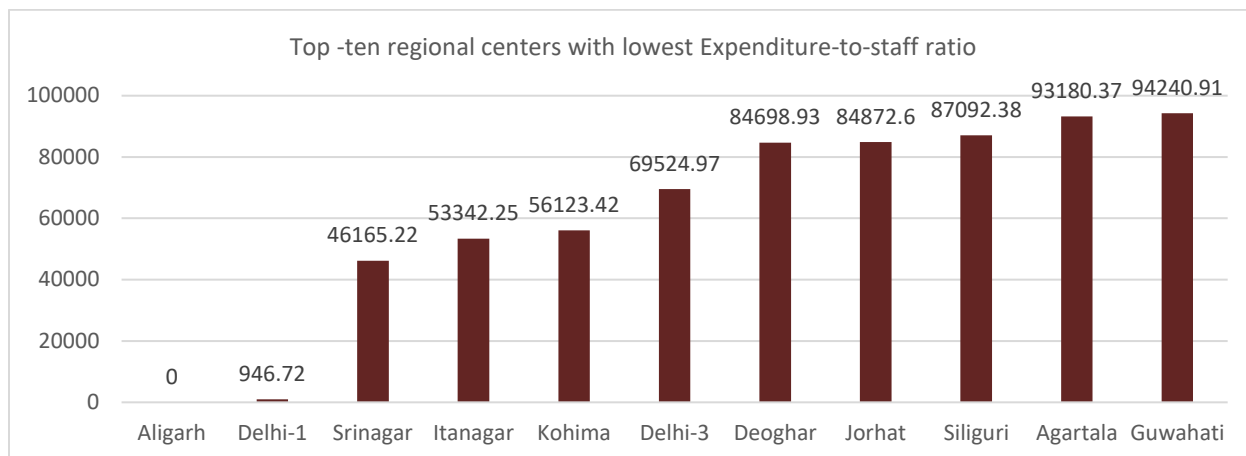

Figure 35

The higher the **Expenditure to enrolment ratio** as with other determined ratios, the more money that regional centre spends on each learner and vice-versa. Regional centre-wise expenditure to enrolment ratio has been given in the **Error! Reference source not found.** and **Error! Reference source not found.**
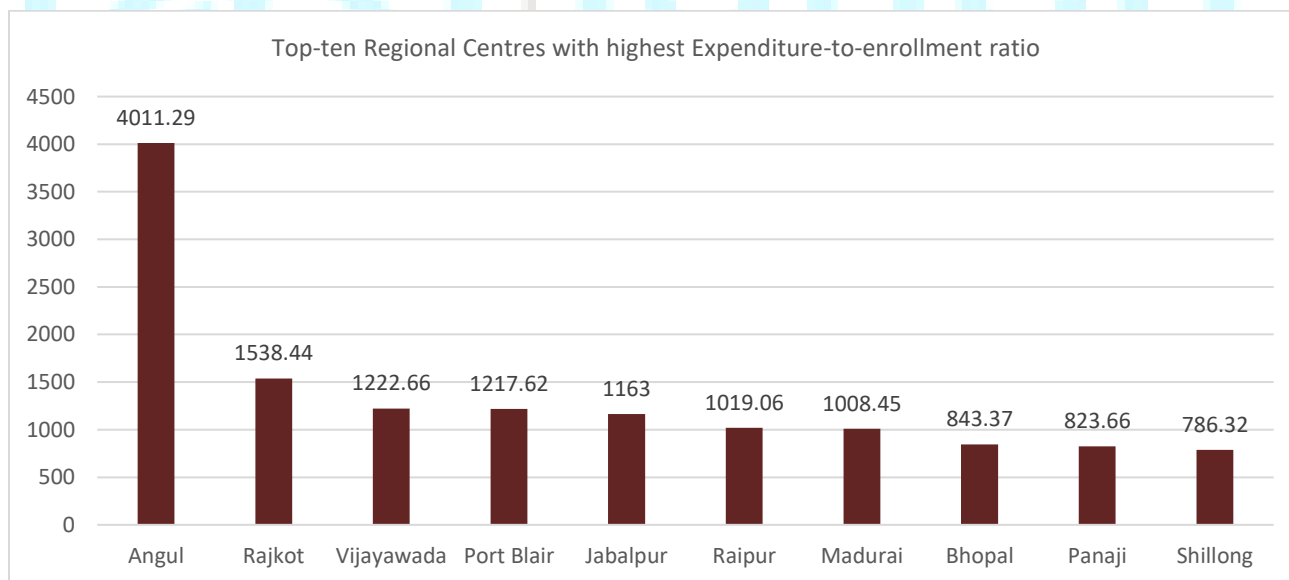

Figure 36
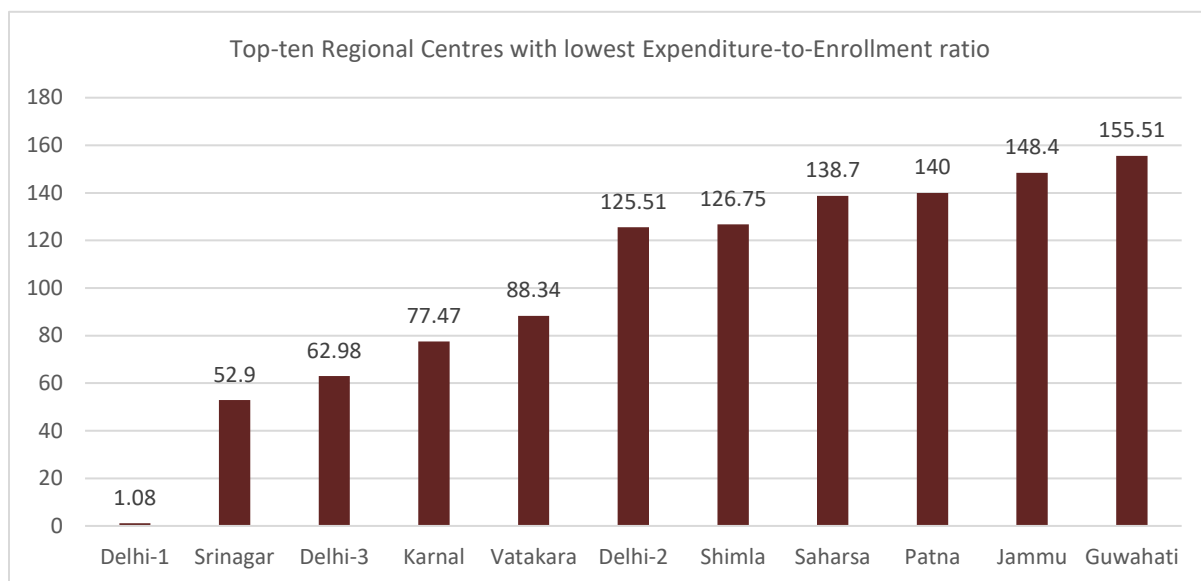

Figure 37

Similarly, Regional Centre wise **Enrolment to staff ratio** shows the workload in terms of the number of learners per staff member at each regional centre. The higher the Enrolment to staff ratio, the more the workload on the regional centre staff, and vice-versa. Regional centre Karnal had the greatest ratio while regional centre Rajkot has the lowest (Table 50).
