The members observed that in the Discipline of History, eight candidates were recommended by the DRC of History(SOSS) against six vacancies advertised. Although the Discipline had earlier mentioned that the number of seats was likely to increase, the RCSC was of the view that the number of candidates shall not be more than what was advertised. However, the candidates beyond the number of vacancies may be kept in the waiting list.

Director (RU) informed the Committee that meeting of the School Board of SOE (housing M Phil/ Ph D Distance Education) had not taken place and the recommendation of the School Board is pending. However, the list of candidates recommended by the DRC for admission in M Phil/ Ph D Distance Education has been approved by the Vice Chancellor for submission before the RCSC.

Before taking up the agenda items formally, Director Research Unit invited the attention of the members to certain basic issues. While recommending the list of selected candidates, certain disciplines have not mentioned whether the candidates have to do coursework or they are exempted from the same. This may lead to some confusion at the admission stage, as fee charged from candidates with coursework is different from that of candidates without coursework.

The committee after due deliberation resolved that if the recommendation of DRC/ School Board is silent on coursework, admission fee with coursework shall be charged from a candidate. Necessary adjustment in the second year fee shall be made if the concerned candidate is subsequently exempted from coursework by the DRC. Thereafter agenda items were taken up.
