1.5 Academic Programmes

The University offers Certificates, Diplomas, Advance Diplomas, Post Graduate Diplomas and Degrees, which are conventional as well as innovative. Most of these programmes have been developed after need based survey for such programmes. They are launched with a view to fulfilling the learners' needs for:

- certification,
- improvement of skills,
- acquisition of professional qualifications,
- continuing education and professional development at workplace,
- self-enrichment,
- diversification and updating of knowledge, and
- empowerment.

1.6 Modular Approach to Programmes

The Programmes offered by the University are in compliance with the National Education Policy 2020. The teaching-learning arrangements in IGNOU are highly flexible. With this objective in mind, the University has followed a modular approach to Programme development for many of its degree level programmes. As per the University policy, programmes with modular approach are designed keeping in mind the need of the learners and offer the flexibility in the combination of courses as well as methods. The learners have the choice to decide the pace of their learning and they have the option of course-wise registration for various programmes.

Under the modular approach, each course is allocated a certain credit weightage. A learner enrolled in a modular programme can exit the programme at designated points and obtain a certificate or diploma, depending on the number of credits completed. Alternately depending on the number of credits earned, a learner with Certificate level can complete a Diploma or a Degree.

In IGNOU, modularity has been implemented in two ways. In some Programmes, exit options have been provided whereby students not wanting to complete the entire programme can make an exit after completion of a 18 IGNOU Common Prospectus-JULY 2023 defined number of courses and get a Diploma / PG Diploma. This helps the students in meeting their immediate professional requirement. In the other approach to modularity, students completing a Diploma / PG Diploma Programme are allowed lateral entry in a degree programme. This helps the students in upgrading their knowledge / skill as per their requirement and convenience.

1.7 Credit System

The University follows the Credit System for most of its programmes. Each credit in our system is equivalent to 30 hours of learner study comprising all learning activities (i.e., reading and comprehending the print material, listening to audio, watching video, attending counselling sessions, teleconference and writing assignment responses). Thus, 4 - credit course involves 120 hours of study and a 6-credit course involves 180 hours of study. This helps the learner to know the academic effort he/she has to put in, to successfully complete a course. Completion of an academic programme (Degree or Diploma) requires successful completion of the assignments, practical, projects and the Term-End Examination as per requirement of each course in a programme.

1.8 Student Support Services

In order to provide individualized support to its learners, the University has a large number of Learner Support Centres, spread across the country. These Learner Support Centres are coordinated by 67 Regional Centres and Recognised Regional Centres. At the Learner Support Centres, the learners interact with the Academic Counselors and other learners, refer to books in the Library, watch/listen to video/audio programmes and interact with the Coordinator on administrative and academic matters. The list of Regional Centres is given in this Prospectus. Support services are also provided through Work Centres, Programme Learner Support Centres, Skill Development Centres and Special Learner Support Centres. Online Programmes are delivered on the LMS Platform of the University. In case the number of students enrolled in a program is small, the University shall provide Technology Enabled Learner Support (TELS) through Gyan Darshan / Gyan Vani / Swayam Prabha/ Web based support.

1.9 Programme Delivery

The methodology of instruction in this University is different from that of the conventional Universities. The Open University system is more learner-oriented and the learner is an active participant in the pedagogical (teaching and learning) process. Most of the instructions are imparted through distance education methodology as per the requirement.

The University follows a multimedia approach for instruction, which comprises:

- a) **Self Instructional Printed Material:** The printed study material (written in self-instructional style) for both theory and practical components of the programmes is provided to the learners in the form of a single print book and/or e-book, comprising blocks and units or in the form of separate printed blocks for every course (on an average 1 block per credit). A block which comes in the form of a booklet usually comprises 3 to 5 units.

Audio-Visual Material Aids: The learning package contains audio and video programmes which have been produced by the University for better clarification and enhancement of understanding of the course material given to the learners. A video programme is normally of 25-30 minutes duration.

- b) The Video content is available on eGyankosh (www.egyankosh.ac.in) - the digital learning repository of the University.

The video programmes are also telecast on National Network of Gyan Darshan and Swayamprabha channels. All Gyan Vani stations broadcast curriculum-based audio programmes as per their schedule that is notified in advance. In addition, some selected stations of All India Radio also broadcast the audio programmes. Learners can confirm the dates for the programmes from their Learner Support Centres. The information is also provided through the university website.

- c) **Counselling Sessions:** Normally counselling sessions are held as per schedule drawn by the Learner Support Centres. These are mostly held outside the regular working hours of the host institutions where the Learner Support Centres are located. **However, in case the number of students in a programme is small, face-to-face counselling shall not be organized. In such cases the University shall provide Web Enabled Academic Support to the learners.**
- d) **Tele conferences:** Live sessions are conducted via satellite through interactive Gyan Darshan Channel as well as simultaneously webcast at <http://ignouonline.ac.in/> and via Facebook Live sessions.
- e) **Practicals /Project Work:** Some Programmes have practical/project component also depending upon the learning requirements. 6.0 GUIDELINES FOR SUBMISSION OF ASSIGNMENTS

Assignments are part of the continuous evaluation of the student. The submission of assignments is compulsory. The grade that you get in your assignments will be counted in your final result. Assignments of a course carry 30% weightage while 70% weightage is given to the term-end examinations. Therefore, you are advised to take your assignments seriously. You cannot appear for the term-end examination for any course if you do not submit your assignment. Assignments are uploaded on the university website in the month of January. The validity of the assignments is one year which implies that these assignments are to be attempted by the students who have taken admission in January and July cycles.

The main purpose of assignments is to test your comprehension of the learning materials you receive from us and also to help you get through the courses. The information given in the printed course materials should be sufficient for answering the assignments. Please do not worry about the non-availability of extra reading materials for working on the assignments. However, if you have easy access to other books, you may make use of them.

The assignment responses should be complete in all respects. For the tutor marked assignments, you have to submit your response sheets to the Coordinator of the Learner Support Centre assigned to you. After evaluation these tutor marked assignments will be sent back to you with comments and grade.

The University/Co-ordinator of the Learner Support Centre has the right not to entertain or even reject the assignments submitted after the due date. You are, therefore, advised to submit the assignments before the due date.

Do not forget to get back from your Learner Support Centre you duly evaluated assignments alongwith a copy of the assessment sheet containing comments of the evaluator on your performance. This may help you to improve future assignments and in preparing for term-end examination.

For your own record retain a copy of all assignment responses which you submit. If you do not get back your duly evaluated tutor marked assignments alongwith copy of assessment sheet containing comments of evaluator on your assignment within a month after submission, please try to get it personally from your Learner Support Centre. This may help you to improve upon future assignments. Also maintain an account of all these corrected assignment responses received by you after evaluation. This will help you to represent your case to the University in case any problem arises.

If you do not get pass grade in any assignment, you have to submit it again. For this, you have to ask for/obtain a fresh set of assignments for that course, applicable to that particular semester. However, once you get the pass grade in an assignment, you cannot re-submit if for improvement of grade. Assignments are not subject to re- evaluation except for factual errors, if any, committed by the evaluator. The discrepancy noticed by you in the evaluated assignments should be brought to the notice of the coordinator of the Learner Support Centre, so that the correct score is forwarded by him to the Student Registration & Evaluation Division at Headquarters.

In case you find that the score indicated in the assessment sheet of your assignments has not been correctly reflected or is not entered in your grade cards; you are advised to contact the coordinator of your Learner Support Centre with a request to forward correct award list to the Student Evaluation Division (SED) at the Headquarters.

INSTRUCTIONS FOR ASSIGNMENTS

- 1. Write your Enrolment Number, Name, full address, signature and date on the top right hand corner of the first page of your response sheet.
- 2. Write the programme title, course code, course title, assignment code and name of your learner support centre on the left hand corner of the first page of your response sheet.

Course code and Assignment code may be reproduced from the assignment.

The top of the first page of your response sheet should look like this:

<p>ENROLMENT NO</p> <p>NAME</p> <p>ADDRESS</p> <p>SIGNATURE</p> <p>DATE.....</p> <p>PROGRAMME TITLE</p> <p>COURSE CODE</p> <p>COURSE TITLE.....</p> <p>ASSIGNMENT CODE.....</p> <p>(as printed on assignments)</p> <p>LEARNER SUPPORT CENTRE</p>

- 1) Read the assignments carefully and follow the specific instructions, if any, given on the assignment itself about the subject matter or its presentation.
- 2) Go through the Units on which assignments are based. Make some points regarding the question and then rearrange those points in a logical order and draw up a rough outline of your answer. Make sure that the answer is logical and coherent, and has clear connections between sentences and paragraphs. The answer should be relevant to the question given in the assignment. Make sure that you have attempted all the main points of the question. Once you are satisfied with your answer, write down the final version neatly and underline the points you wish to emphasize. While solving numerical, use proper format and give working notes wherever necessary.

- 3) Use only A4 size paper for your response and tie all the pages carefully. Avoid using very thin paper. Allow a 4 cm margin on the left and at least 4 lines in between the answers. This may facilitate the evaluator to write useful comments in the margin at appropriate places.
- 4) Write the responses in your own hand. Do not print or type the answers. Do not copy your answers from the Units/Blocks sent to you by the University. If you copy, you will get zero marks for the respective question.
- 5) Do not copy from the response sheets of other students. If copying is noticed, the assignments of such students will be rejected.
- 6) Write each assignment separately. All the assignments should not be written in continuity. Write the question number with each answer.
- 7) The completed assignment should be sent to the Coordinator of the Learner Support Centre allotted to you. Under any circumstances do not send the tutor marked response sheets to the SED at Headquarters for evaluation.
- 8) After submitting the assignments at the Learner Support Centre get the acknowledgment from the coordinator on the prescribed assignment remittance-cum-acknowledgement card.
- 9) In case you have requested for a change of Learner Support centre, you should submit your assignments only to the original Learner Support Centre until the change of Learner Support Centre is notified by the University.
- 10) The assignments can be obtained from the Learner Support Centre/Regional Centre or may be downloaded from IGNOU Website www.ignou.ac.in.
- 11) There is no provision for re-evaluation of assignments as per rules.
- 12) The validity of assignments is for two semesters.

Guidelines for Project Course: MMPP-001

The Project Course is equivalent to two courses. However, for registration purposes the Project Course (MMPP-001) is treated as one course, which is of Eight Credits. For this course no additional study material is provided.

The basic purpose of this course is to help learners develop an ability to apply multi-disciplinary concepts, tools and techniques to analyse and logically approach the organisational problems. The Project study should be on a topic preferably from your area of specialisation in MBA.

SYNOPSIS SUBMISSION & EVALUATION PROCESS

In order to proceed with your project course the approval of the synopsis is necessary. Only on the approval of the synopsis the project work could actually be taken up. The synopsis should be an original work done by the student. The process that is involved in the evaluation and final approval of the synopsis is explained below:

1. Selection of topic by the Student

The learner can select any topic of her/his choice, preferably in their area of specialisation. The title should be definitive communicating key information about the thesis. It should convey the subject matter being covered in the project.

It could be either be an

- ii) Inter-organisational study aimed at inter-organisational comparison/validation of theory/survey of management practices.
- iii) Field study (empirical study).

2. Selection of Guide

5. Evaluation of Synopsis

The learner can submit her/his Synopsis throughout the year. However, the Project Proposal may be submitted to the Regional Centre after the Registration of MMPP-001. This is to ensure that the students gets atleast 8-9 months time to complete their project work and submit it before the expiry of the 4th semester.

In case Project Proposals are received in Regional Centre after 6 months of having registered for MMPP - 001, the RC will not be responsible for the timely disposal of the project proposals. Those who fail to submit the synopsis within the stipulated period are likely to miss the timeline for submission of the Project Report.

If the Project Proposal received in the regional centre is found to be complete in all regards, having the necessary documents it is accepted. Once accepted, a Project Proposal number is assigned to the synopsis, which is **unique** for each learner. This Project Proposal (PP. No) number can be used for further correspondence with the RC.

6. Feedback / Communication to the Learner

After the synopsis is evaluated by the Expert a Written Communication regarding the status of **Approval / Non-approval** of the project proposal will be sent to the learner within two/three months of the receipt of the proposal in the Regional Centre.

In case the proposed guide is not approved by the Faculty, the student will be advised so, and in such cases the student has to change the guide and submit the project proposal afresh with the signature of the new guide. It will be considered as a New Proposal.

Similarly, if a student wants to change his/her guide for any reason, s/he would be required to submit the project proposal along with the signature of the new guide on a new project proposal proforma, as it would be considered as a new proposal.
